Winslow Community Center Association

By Tanya Farris

Much is happening at the Community Center. Our lease with the city is signed and in good standing for the next decade!

If you haven't turned in your survey...there is still time. We need as many of these as we can get back as soon as possible.

Many of the necessary repairs are taking place and a huge thank you to Boone Holt and Rick and Marsha Reed and Zac Simpson for all the hours they've volunteered in getting the power back up and safe in the gymnasium, locker rooms and even the cafeteria/auditorium. And it looks like we'll have heat in that facility in the very near future!

Speaking of gym – we have postponed Tuesday/Sunday basketball until further notice.

Upcoming classes are as follows 6:00 PM in the Rock Building:

2/23 Adult Painting (Art not construction!) \$10.00 fee – Pre registration required! Send an email to wcca@slowtowne.com if you would like to attend

2/27 Suicide Awareness & Prevention;

3/13 Basic Beekeeping;

3/28 The Pillowcase Project;

4/4 Key Hole Gardens;

Home Extension Cooking classes will resume in March with March/April/May plans published soon.

Remember the first Saturday of every month is volunteer clean-up at the Community Center. 9 a.m. until we stop with coffee/donuts and lunch provided.

There is no Community Center without the Community.

Winslow Museum Meeting

Last Thursday of month at City Hall 5:00 PM

WCCA- 3rd Monday @6 PM. Winslow Library

Many good things are happening at the Winslow Museum. We have made some great acquisitions of items from some of Winslow's most popular historic places. Please come and visit so that we can share this rich history. We are in the planning stages of the next Winslow History Day to be held on June 24th 2017. This year, we would like to involve the community as much as possible, so the theme will be "A Shared History of Winslow". This is an opportunity for our citizens to gather their own Winslow history collections to bring and share. We know there are treasures hidden in attics and old trunks, in bookcases and storage sheds. Now is your opportunity to organize those collections. There is nothing too large or small. If, as a result, anyone has anything they would like to donate to the museum, we would be so happy to accept it, but mostly we would like to give everyone an opportunity to share their own Winslow history. As with last year, we will be sending out letters to clubs and businesses in the area who would like to participate and have an opportunity to raise some money for their group. There will be much more information available in the future on how you can participate. We also are looking for anyone who wants to share stories about growing up in Winslow in any time period. We intend for this to be a fun day for the community! We are always looking for volunteers who want to be involved in the museum, so please contact Renee or Beverly at Winslow City Hall at 479-634-3901. Museum hours are Mon-Fri 9:00 – 3:00 and Saturdays by appointment.

Velda’s Words

By Velda Brotherton

There’s still time to register for the Northwest Arkansas Writers Free Conference March 11. Email veldaeb@gmail.com to get registered. And go to my website and check out the conference and the contest attached this year. We’ve had some great sponsors come forward to provide the prize money. Take a look and see if you might enter one of the categories. There’s some nice cash awards attached, but get moving. Feb. 22 is the deadline.

Jodi Thomas is our featured speaker, plus Dusty Richards and myself. Jodi will hold a book signing at B&N in Rogers following the conference Saturday.

Now to my exciting news. Western fans might like to know the third in the Victorian Series, Tyra’s Gambler was released Jan. 25 in soft cover and ebook. Grab yourself a copy.

Then for those who like a good novel, a story of love, loss and redemption, check out Remembrance, which was released Jan. 26 in hard cover (makes a nice gift) soft cover and ebook. The cover alone will blow you away. I’m sure you’ll enjoy the story set on Grand Lake ‘O the Cherokees and surrounding environs. The story of a family torn apart by tragedy who find healing and redemption in a very unusual way.

I’m turning 81 while this paper is going to print, but am still writing and am Distribution Director for my publisher Oghma Creative Media. Am working on Book #5 of A Twist of Poe mystery and suspense series. Number 4, Masque of the Rising Moon, will be out in May. I’m including a contest in #4 so keep an eye out. You might win something fun.

Thanks to all my fans who are so faithful and ask for and read my books. If you ever can’t find a copy, know that they are all available on Amazon with two exceptions. We are pulling Wandering in the Shadows of Time and Ozarks Cookbook and they will be reissued soon through Oghma Creative Media with new covers and cookbook illustrations by super artist, Tony Boyd. So enjoy, and if you like something I write, please post a short review on Amazon. It helps in my promotion efforts to get more fans.

HOW DO YOU HEAL ANOTHER'S HEART?

By Dr. Allen Roberds\

Since February is considered the month of love and hearts, I thought I'd address the connection between emotions and health. Many people think that their problems are caused by other people. "He did this, she said that"...but the truth is, it's not "them". It's one's own response to "them". In the early stages most stress, discomfort and pain are carried in the body at the unconscious level. Healing begins with becoming aware of those feelings, and what triggers them, so you can take responsibility, change them and change your life. By doing this, you begin a healing process that not only helps you prevent unnecessary pain, suffering and expense, but also enables you to help and heal others.

You've probably heard the truism, "To change the world, change yourself." Yet others will tell you that there's nothing you can do about your situation because the genetics you inherited from your parents rule. Yet, today we know that our genes are not 'written in stone' despite what we were once told, because genes can and do adapt to their environment just as all of nature does. Dr. Bruce Lipton, Ph.D., said it best; "Genetics reflect only your potential, not your destiny." Remember that.

Still others will tell you that you have to fight your negative emotions and diseases, but I'm here to tell you that when you fight your negative emotions and/or diseases you have just turned your body into a battlefield. And we all know what happens to a battlefield. We must cherish and work with our bodies, not against them, so that they can become healthy. Health is the only answer, because health is the only cure and the only prevention.

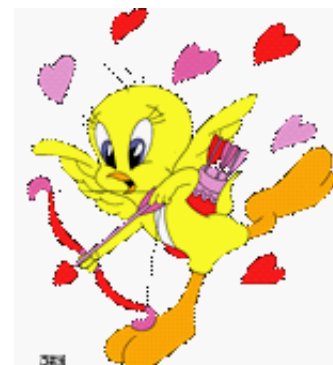

So ask yourself, "Do I feel stressed, tense or nervous and don't know why? Do I have chronic pain or recurring symptoms? Am I in a relationship that is stressful or unfulfilling?"

There are tried and true natural health producing remedies available that you should consider.

And how do you heal someone's else's heart? Heal your own. Take responsibility for your actions, and let others take responsibility for theirs, all the while remembering to be compassionate and forgiving, because on a higher logical level, we are all responsible for each other.

Happy Valentine's Day ~ Dr. Allen Roberds

Winslow Meals

I meandered down to Winslow Community Meals today, I had heard it was the first day of planned activities – we played Dominoes! Mexican Train style. It was so much fun. I arrived early, and enjoyed visiting with the staff, and looking around at the cheery décor. We got right down to business, and played a couple of hands before the gals served a delicious meal of Taco Soup, yummy cornbread, salad and a blueberry muffin. Waaay too much food, and all for a donation of \$4.00. Wow, you can't beat that with a stick!

The atmosphere was very friendly, and cheery. Such nice people, and so accommodating. One of the very large tables was completely full of people and the visiting was fun and friendly, as well a reminiscent of times past.

I met some people I hadn't met, renewed old acquaintances I hadn't seen in years, and enjoyed myself immensely. I hear they are going to do more of the activities and are looking forward to going back for more fun. Join me next time. I'd love to see more of my old friends!

Love

A precious moment of fire and desire within one's heart for another, this feeling has no limitations. A gelling exhibited by an immutable law with no certain rules followed. Inquisitive eyes with the strongest of temptations towards each other, hidden passions from the depth of our hearts and we know it not till action of thought occurs.

Eating and sleeping are now afflictions and we feed on enthusiasm and any silence is so often interrupted. Our thoughts so refreshing, a degree of intensity we cannot comprehend.

Our minds, "oh" they do so wander here and there, imaginative thoughts feeding the passion within us. Both of us feel a sense of submission, and our feelings are now essential to each other. There's every good reason for: the two" to be together, and any doubts that should arrive are merely supposition. Love is so many times incomprehensible, as our feelings far outweigh any reasoning. Our feelings appear like a storm on the horizon! Both of us are now carrying within us a burning torch of emotion! Love? "Le Coeur à ses raisons que la raison – ne connait pas." "The heart has reasons that reason will never know".....

Presented by John Collier

Grow your own gourmet mushrooms in your woods!

It's fun and easy to cultivate edible mushrooms using logs and stumps, in the moist shade of your wooded property. In this hands-on workshop with Winslow resident and mushroom aficionado John Collier, you will not only learn how to cultivate the mushrooms, but you'll actually do it! Each participant will receive a small oak log to work with and we'll go through the whole process of drilling, plugging, and waxing. You will have enough plugs to do your in-class log, along with extra plugs and wax to take home with you. We'll use shiitake plugs in this workshop, as they are particularly easy to grow. You'll learn about others varieties you can grow and receive information on where to buy plug spawn.

Class is limited to 20 participants. Cost is only \$30 and includes all supplies and instruction, enough to get you started on your own home grown delicious mushroom adventure!

YOU THINK ABOUT THAT

By Wesley Wood
479-466-0681
wesretired@cox.net

When Shall The End Be?

Matthew 24: 3 And as he sat upon the mount of Olives, the disciples came unto him privately, saying, Tell us, when shall these things be? and what shall be the sign of thy coming, and of the end of the world? 14: And this gospel of the kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come.

This is directed to the Church members professing to believe in God, His Son Jesus Christ and the Bible as the absolute authoritarian word of God. I don't expect non-believers to understand or care. When Jesus cleaned the Temple he demonstrated to us that God, his Father wants "Results" not "talk", not "excuses" but "results". 63 million voted for Trump who thinks perversion excepted as "normal" in our society is okay. He was nominated and elected because the Church was unwilling to give up their 501c3 tax status worshipping money instead of God which Christ very explicitly said you can not do. 66 million voted for Clinton who thinks killing babies and perversion; two of the most evil sins and enemies of a society according to; not only the Bible you believe but also History. And with 325 million citizens, 74 million under age 18, 117 million didn't vote. Think the Church has work to do? My December article told you what Jesus thinks. According to the election results the Gospel has not been Preached to the United States much less to "All The World" I'm Wesley Wood, YOU THINK ABOUT THAT! There will be a Judgment day and you will be there to answer for "Your" own personal actions. Checkout my new website www.godslastcall.net Click the links at the top and watch the videos. "I Survived A Late Term Abortion" a must see. Get the book "The Great Evangelical Disaster" by Francis A. Schaeffer written in 1984. Every Church member and professing believer need to read this book. You can get it on Amazon, hard copy or kindle. I challenge you to compare it to my video on youtube."
