## Washington County Animal Shelter Volunteer Team SUPPLY DRIVE Saturday, July 1, 2023

### PACK THE PUPPY PEN

The WCAS Volunteer Team is having a much needed "Pack the Puppy Pen" supply drive for the Washington County Animal Shelter on Sat, July 1st, at the Winslow Farmers Market, across from Winslow City Hall, 8 AM - 11AM. Check out the Animal Shelter "wish list" for all items needed. They are especially in need of Puppy Chow Complete. Every bit helps. The WCAS Wish List, a list of some of the items the shelter needs is on page 5 of this newsletter.

## Winslow Water System

### Big Changes Coming For Your Water System

The Winslow Water System is changing its software program to SOFTWater. So how does that impact you as a water customer?

- 1) There are still numerous ways to pay your water bills: Mail/check, drop box (Museum or Water Dept.), credit/debit card, money order, or cash (less preferred) as no change is available.
- 2) Credit/Debit Cards will be using a different company. (SOFTBillPay Solution where customers may view and pay their bills online or by a toll-free number using debit or credit card 24/7 and see a history of payments. WWS will let you know when to STOP using NexBill and start using SOFTBillPay.
- 3) Customers will be able to opt out of mailed bills. Registered customers will receive email notifications when new bills are ready to be viewed. This software, along with the new drive-by meters, will help the water department continue to progress and provide our customers with better current usage information.

## Climate Change.

written by: Jamie Ridenoure.

We are experiencing an uncertain future. There are millions of refugees world wide, having to leave their home and livelihood because of war or the effects of climate change. There is so much suffering in our world, and definite signs that our climate is changing rapidly. Most people are comfortable ignoring it. But as a human living on earth we have to care for future generations. By having compassion. Holding out you hand to someone less fortunate brings them a gift of hope, faith. We all need to think about all of this. Every living thing on earth is endangered right now, and that includes humans. Be understanding, listen, be good to nature and all your brothers and sisters on earth. Do your part. Let your heart guide you.

## Council Corner

July 2023

The hot, humid, dog days of summer have descended upon our fair city!

Council member Jerry Kidder has been preparing to present the annual Winslow Independence Day fireworks show. We're looking forward to seeing everyone at dusk on Tuesday, July 4th at the Slicker Ball Park for what promises to be yet another breathtakingly fantastic show. Kids games will start around 6pm.

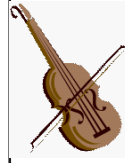

The council voted at our last meeting to change providers for our water system software. The new company includes metering and billing all-in-one. The fee for paying water bills online should go down. Customers will be able to review up to eight years of billing history online to help determine usage trends. This software, combined with the remote-read water meters being installed as part of the Winslow Water System Improvement Plan, will also allow real time monitoring of water use.

Winslow residents who need help paying current and/or past-due water bills may qualify for assistance through the Arkansas Low Income Household Water Assistance Program. For more information, contact City Hall or visit [ArkansasLIHWAP.com](http://ArkansasLIHWAP.com).

Visit the city's website at [WinslowAR.com](http://WinslowAR.com) for more information about any of the above. Also, all residents are invited to visit City Hall and Winslow Museum during Saturday morning Coffee Klatch gatherings during the Farmers Market. You're also welcome to attend City Council meetings on third Mondays at 6pm.

## Winslow Mountaineers Extension Homemakers Club

The Winslow Mountaineers met for their June 2023 meeting at Winslow City Hall at 3pm. Eight (8) members were present. The club recently held a book sale to rotate books from the Winslow Library Store which has been a yearly project since just before Covid hit. \$38 was collected to be given to the Friends of the Winslow Library, with more book sales to happen as opportunity permits. We will be providing baked goods for the Winslow Community Yard sale, with the earnings going to the WCCA to help with the hail storm damage which destroyed the skylights in the gymnasium.

After the meeting we celebrated our charter member, Ellen Center, with cupcakes, cookies & refreshments. Ellen turned 88 years young on June 26th, and was surprised with a card signed by our members & a lovely metal candy dish provided by another charter member, Tommie Price.

The total volunteer hours for the 22-23 year is 4,430.

# WINSLOW LOVED ONES WE HAVE LOST

## John Paul Nelson

November 11, 1975 - June 5, 2023

John Paul Nelson, age 47, of Winslow, Ark., passed away Monday June 5, 2023. He was born November 11, 1975 in Chandler, Ariz., to Mike and Linda Clayton Nelson. He retired from the West Fork Police Department as police chief. He played basketball at West Fork High School and went on to play for Oklahoma State under Eddie Sutton and in his freshman year played in the Final Four. After leaving Oklahoma State he played for Southern Missouri

University. He was preceded in death by his grandparents, Sam and Helen Nelson and Reverend John and Ruby Clayton; his uncle, David Clayton.

He is survived by his wife Mary Ann Nelson; two daughters, Rylan Peoples and her husband Cameron of Winslow and Maritess "Tess" Sullivan and her husband Kameron of West Fork; son, Bryce Keyes of West Fork; his grandson to be born in September Harley Peoples; parents, Mike and Linda Nelson of West Fork and his sister, Crista White and her husband Cecil of West Fork; nieces, Dacey Chevez (Johnny), Savannah White, Elianna White, Bailey White; nephew, Samuel White; great nephews, Kai Chevez and Luca Chevez and many other extended family members.

Visitation will be 5-7 p.m. Friday June 9, 2023 at Moore's Chapel. Funeral service will be 11 a.m. Saturday at Moore's Chapel with burial to follow in West Fork Cemetery under the direction of Moore's Chapel in Fayetteville.

Memorial contributions may be made to Northwest Arkansas Children's Shelter, 860 NW Vaughn Road, Bentonville, Ark. 72713.

## Melvyn B. Morgan Hagen

February 12, 1942 - December 23, 2022

Melvyn B. Morgan Hagen of Emporia, Kansas, formerly of Fayetteville, Arkansas, passed away December 23, 2022, at the age of 80. He and his late wife, the former Mary Ellen Lane of Runnels, Iowa, had moved to Kansas to be closer to their daughter and son-in-law.

Melvyn and Mary Ellen were married in Runnels, Iowa at the Reorganized Church of Latter-Day

Saints. They made their home in Altoona, Iowa.

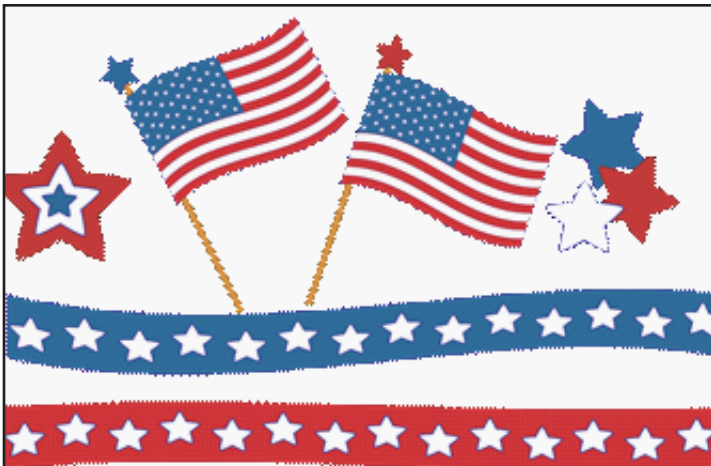

Melvyn worked as a surveyor with Bishop Engineering and as a teacher at United Electronics Institute in Iowa and then went to work for IBM in Iowa and then Colorado. While in Iowa he and Mary Ellen travelled a lot to weekend bluegrass venues setting up equipment and recording equipment for the various performers. When he retired, he and Mary Ellen moved to Arkansas and he kept busy with things like playing the organ and the accordion, his ham radio group BCRO, helping the neighborhood kids with their homework and even his grandkids with their college math homework. He loved his grandkids, Bluegrass music, and his dogs (Miss Trudy, Maynard, Reggie, Polly, Gabby, and Sonny). His parents were Melvin and Genevieve Hagen who predeceased him, as did his nephew Brent Jones and brother-in-law Holly Hollobaugh.

He is survived by his daughter Tamara (William Blalock) of Emporia Kansas, granddaughters Jessica (Nicholas Bradford), Rebecca Segelhurst, Janet Segelhurst, a grandson Christopher (Ashley) Segelhurst, a sister Joann Hollobaugh of Phoenix, a nephew Jon Drew, and 5 Great-Grandchildren. As well as numerous extended family members in Iowa, Wisconsin, and Arizona. A memorial service will be scheduled for Melvyn and Mary Ellen together, at a later date, in Winterset, Iowa.

As many of you know, Mel and Mary Ellen Hagen lived in Winslow for several years before moving to Fayetteville. They were very active in the Winslow community. Mary Ellen was very talented and made things for the little store she had in Winslow. Along with Jim Wallis, Mel and Mary started the paper Within Winslow, which you are now reading. In addition they were instrumental in the first computer room in first the downtown library in the early 90's, helped establish Friends of the Library, worked to get the Friends Used Book Store set up.

Mel maintained the public use computers and printers. Mary worked with Ozark Folkways and started the first Christmas on the Mountain in the long building at Ozark Folkways.

Mel and Mary Ellen Hagen were both very special people who lent a hand where ever it was needed.

## Veteran's Day Quilt Recipients Are Now Being Chosen

Every year WCCA awards a patriotic quilt to Combat Veterans from Winslow and the surrounding area on Veteran's Day on or close to November 11th. If you have a veteran in your home or know of one that is eligible, you can pick up an application at Winslow City Hall to apply for one of these quilts, Monday through Friday from 10:00 AM to 3:00 PM and on Saturday from 8:00 AM to 1:00PM.

The definition of Combat Veteran is anyone who has served in the United States Armed Forces, any branch of the service, in a designated combat zone during any of the recent wars.

## A Small Town

A small town is where everybody knows what everybody else is doing, but they read the local newspaper to find out who got caught.

A small town is where the editor knows just about everything everyone is doing but doesn't print most of it or he/she would have no friends.

A small town is where you can't lie about your age or your ailments, because everyone knows them anyway.

A small town is where everybody knows everyone else's car by sight and who comes and goes in it and where it goes.

A small town is where there is hardly anything to do and never enough time to do it.

A small town is where the merchants donate generously to every cause, although they know the solicitors do most of their shopping out of town.

A small town is where there is a part for everyone to play in the drama of life and you're not afraid to walk the streets at night.

A small town is where you know your next-door neighbor and you can borrow a cup of sugar while being treated to a cup of coffee.

A small town is where you are among friends, even in the cemetery.

## Winslow Community Center Assoc.

Thank you Winslow for your continued support of the Winslow Community Center. We continue to make progress restoring the facility for the community's use. Every dollar that we receive goes right back into the building.

Recently two alumni donated the funds to replace the Winslow school sign in front of the rock building with a sign that says Winslow Community Center. Those of us who are old-timers know about the change but new people to our community are having a difficult time locating the center. Don't worry, our plans are to take the old sign and frame it, and mount it on the wall of the cafeteria. In fact, if you're a woodworker, who would be willing to do that for us, just let us know.

Feel free to follow us on Facebook on our page Winslow community center WCCA. Find out the latest things going on at the center on that page.

The gym and cafeteria are available for families to rent for their reunions this summer. Feel free to contact Kerri at 318-471-0610 to make your reservation.

Costs:

\$50 for the gym + a \$50 cleaning deposit

\$100 for the cafeteria + a \$100 cleaning deposit

The gym is open on Tuesday and Thursday evenings from 6 o'clock to 8 o'clock for adult basketball. If you're interested, come join the fun. We do ask for a \$2 donation from each player to help keep the lights on. On Wednesday nights, the gym is open for an aerial class taught by Kylie Kidder.

Put the yoU in commUnity by joining us the third Tuesday of the month at 6:30 in the cafeteria for our monthly meeting. Be part of the new improvements and activities we are planning. We value your input on the next grant writing project that we are doing.

### Winslow Community Center Association Mission Statement

## Battling Kudzu

(Nate Weston has been invaluable in helping Winslow--by coordinating with Ken Stout and the backing of the Winslow Tree Board, Winslow Community Development Council, and the City of Winslow--to organize over five years of volunteer digs to eradicate kudzu in Winslow's Tunnel Park, off Main Street just up from City Hall. Since last year, the decision was made for him to turn to target spraying the kudzu with an herbicide. The following is a June 26th email from Nate, Senior Geospatial Ecologist at Beaver Watershed Alliance, in which he makes recommendations of how residents of the Winslow area can eradicate kudzu on their own properties. The following letter is addressed to Mayor Jarnagan and Ken Stout:)

It was a pleasure talking with you last Wednesday about finding ways the City of Winslow can proactively help its residents manage the increasing kudzu infestation in the area. As detailed in the Site Assessment plan developed by the Alliance and provided to the Winslow Community Development Council, kudzu is challenging to manage and control without herbicide. Kudzu grows incredibly fast, often on dangerous slopes, and quickly becomes overwhelming. Many experts and conservationists seem to recommend using the foliar herbicide Clopyralid, often sold under the trade names Transline®, Stinger®, Reclaim®, Curtail®, and Lontrel®.

Workers at Tunnel Park

Using foliar herbicides is often considered a “last resort” for many of us conservationists. Still, sometimes it’s the least-destructive tool available, ecologically speaking, for managing incredibly invasive species like kudzu. Using a selective herbicide is strongly recommended when forced to use a foliar herbicide. Selective herbicides, especially those which quickly metabolize in soil, have

Kudzu like that along Hwy 71 around Artist Point.

the least potential to accidentally kill off non-target species like native trees, grasses, and wildflowers or contaminate water resources.

Employees or residents attend some herbicide-application training, such as the Invasive Plant ID and Management workshops hosted by the Watershed Conservation Resources Center (WCRC) or an herbicide application course through the University of Arkansas Extension Service. The workshops by WCRC would likely better suit your needs as the Extension courses tend to be more for commercial and agricultural herbicide application.

Unfortunately, Clopyralid can be expensive, but the website Forestry Distributing sells it reasonably cheaply. Here is a link to where I purchased the herbicide used at Tunnel Park in Winslow: <https://www.forestrydistributing.com/sonora-herbicide-transline-alligare>

Below you’ll find helpful information on managing kudzu with herbicide, when and how to apply herbicide, as well as a description of Clopyralid:

## From The Voice Of One On The Top Of Brentwood Mountain!

### 7 Signs of Jesus Soon Return

#### Are You Ready

As you have looked at these seven signs, together they paint a strikingly accurate portrait of the current state of the world. Fascinatingly, they also reveal the warfare Satan is waging against Christ. Notice that much of what the signs spotlight are deceptions and distractions. The devil is mounting an overwhelming offensive to turn the people's hearts from their Creator. But while the devil's stratagems are going every which way, notice there is one sign that is never changing and never failing. It is that God's straight and true path to salvation; it is the gospel to the world.

Thus, the real question is not whether the Second Coming is near but: Will you accept the gospel truth in the short time before Christ returns? How a person response to these signs of the times indicates his outcome in the final judgment. The Savior charges you "You also be ready, for the Son of Man is coming at such an hour you do not expect" (Matthew 24:44). The exact "day and hour" (v.36) Of Christ's return are hidden from us, but these signs leave us without excuse. Don't repeat the mistake of Harry R. Truman.

Christ said "Behold I am coming quickly, and My reward is with Me, to give to every one according to his work" (Revelation 22:12) "I am coming quickly" (vv.7, 20)---He reiterated this three separate times in the last chapter of the last book of the Bible. Do you think the signs of His coming might be important? Through these signs He is telling us, "Pay attention!"

On that final day, Christ will already have His reward for you, eternal live or eternal death. The time to choose that reward is now: "Behold, now is the day of salvation" (2 Corinthians 6:2) "now it is high time to awake out of sleep; for now our salvation is nearer then when we first believed" (Romans 13:1). That's why God has given us these signs so that we can be ready, so that we can have a fair-and-square choice between salvation and destruction. Now is the time to honestly examine yourself. Are you prepared to meet your Savior? Have you given Him entrance to write His law upon your heart? If He were to come tomorrow, would you really want Him to? If the answer to any of these questions is "no," I urge you to make this passage your daily prayer: "Search me O God, and kn

ow my heart; try me, and know my anxieties; and see if there is any wicked way in me, and lead me in the way everlasting" (Psalm 139:23,24)

I want to be a part of God's last-day remnant; I want to proclaim the everlasting gospel to the ends of the earth and usher in that great and awesome day of the Lord. Do you?

Larry Smith
