Velda's Words

By Velda Brotherton

This past year has been pretty hard on me, but I've come through it without too many side effects. Heart surgery in Little Rock followed an earlier hysterectomy and two days after my Echo cleared me from the surgery and said I was good to go I fell and broke my arm. Spent four weeks in rehab at Health South, then three months in home rehab, but was released the end of November. However, I am now confined to a wheelchair. That since the fall. I'm doing very well though. Learned a lot from the therapists so I can continue to live alone.

For those of you who know Dusty Richards, he and his wife Pat had a terrible car accident a couple of weeks ago. I know we all wish them both the best as they struggle to recover. They are at WRMC but as far as I know cannot receive visitors other than family as yet.

That's about all the news I have for this month. I wish everyone a Happy New Year and the best of health in the coming months.

ROSES & THISTLES

By Tanya Farris

2018 has brought old man winter with a vengeance! Now I know that many of my neighbors look forward to the frigid winter months and I wish that I could enjoy them with you. But honestly, the heavy coats, scarves and hats, the endless hauling of firewood, the freezing bowls of water for the pets and livestock and the having to let a car run for 30 minutes before you can get into it, all make the tropics call my name.

But here we are facing January. And the WCCA must keep going. December brought us unwelcome news, one of the heating units decided to stop working. Now in the tropics, that wouldn't be a problem, but sadly, Winslow is more than a few miles from the tropics! We hosted several events in the cafeteria in December (before the real cold came) and, though the attendees had fun, they were bundled up and it was uncomfortably cold.

The air conditioning (who cares about A/C when we've got projected highs in the teens?) on top of the building was vandalized and parts stolen and the unit unrepairable. The Board was aware of this appliance issue in late summer, but felt that we could wait to address AIR CONDITIONING closer to the time when we needed to cool the facility. But the heater died, and it died just weeks before winter arrived. After hours and hours and thousands of dollars getting the plumbing repaired, heat is a necessity for the safety of water pipes! Putting off heat can't wait.

So, we do what WCCA seems to do best. We found a company willing to get our heater replaced and take care of the A/C simultaneously. This won't be cheap, but we made a great deal with the folks at Air Control in Springdale and they are replacing both the A/C unit and the heater with warrantied equipment for a fraction of the cost we were expecting. It's still a very costly endeavor and we are asking our neighbors to lend a hand.

If each household will donate \$1.00 per family member (and we won't say no to more and we won't say no to less) – those dollars will add up fast and pay for these very necessary appliances. Challenge your alumni to meet or beat other classes in donations. Make giving money to the WCCA a contest. Make it fun. Just make our bank account balance out so we can keep the bills paid and the facilities open.

Gym activities in January are available, but no heat is available so dress accordingly. February 23rd we'll be hosting a gospel concert fundraiser in the Cafetorium and all proceeds go to the WCCA.

Y'all stay warm and don't forget to donate to our heat/air conditioning fund to any board member.

Donations can be dropped off at City Hall or mailed to PO Box 98, Winslow, AR 72959.

Happy New Year – The Winslow Community Center Association

Roses from Winslow Community Meals to the following:

The citizens, for the large community support these last few months - it has really made a difference!

Jerry Kidder and Dave Leisure for patching a very large hole.

Richard Price for dropping by D&S to pay for repairs on the Meal's van.

For D&S for their continuous care of our van throughout the years.

For the WCCA & BMFD for recently loaning us their ovens and kitchens.

If we have forgotten anyone or group please give yourself a rose and know that it was not done intentionally.

Indeed, it takes a village, friends, and community for a program such as Meals to be a success. Our thanks to all.

A BIG Rose to Dan Kerlin for the use of the Mercantile and to Jerry Kidder for "manning" the facility during the Christmas Parade from the Friends of the Library. We appreciate it very much.

Thank you to all the participants in the Christmas Parade.

Most of all Thank You God for making all these things possible!

25 YEARS IN WINSLOW

By Rita Wuttke

OH MY! Where has the time gone? On Feb. 1st 2018 I will have had my Winslow address for 25 years....a quarter of a century. Goodness, I remember Sunset Road wasn't even paved then! It sure was a long trip up that hill on dirt!

Romine's store was open and when you didn't want to run all the way 'into town' (meaning West Fork to the now closed Super Foods, or to Fayetteville to Walmart)...you could always stop in there for some needed items or even last minute snacks and cards/gifts for parties. Mikey's parents ran the gas station here in Winslow back then...boy could his momma cook up some good food! The kids went to school in Winslow back then too. I remember Mr. West on his bike up and down Sunset...I was always watching out for him and praying no one hit him on one of the blind turns...took awhile after he passed before I stopped looking out for him, it was such a habit. And speaking of bikes...I really liked the bicycle display he had up on the side of the road. Sadly, he had to take it down because it was too close to the road. People liked it or they didn't...I liked it because I saw the bikes were not just tossed up on that frame...they were specifically placed so that the reflectors all over the bikes would light up when your headlights hit them at night whether you came from one direction or the other. The little kids in town are now married and have kids of their own. Some of the 'old timers' have since passed. I enjoyed visiting with Barbara Ashbaugh when she ran the museum...every time I went in I learned something new about Winslow and the area. Ironically...I made a bit of Winslow history myself...as I am a true 'homesteader'. I'm the first person to own my land and make it a residence with an address. The last family that lived anywhere near me was the Salas family about 1/2 mile down my driveway...and that was 150 years ago! The school has closed...but the Farmers Market opened up. Highway 540/49 opened up and traffic on 71 died....but the gardeners came out and have planted lovely things all around town for anyone who comes to visit to enjoy. The Christmas parade goes on as usual. Some stores closed up after the 71 traffic ceased...but with a big Squirrel Run in town traffic comes in once again!

So many things to write about but the thing that comes to mind with Winslow is this...it's the little town that will not die! It just keeps reinventing itself! The history information on Winslow in the museum bears this out. Look at the Winslow community center going up in the old school. Keep on keeping on Winslow. I hope I have another 25 years here and can write a little article for the paper then too!
God Bless.

TIDBITS FROM THE HILLTOP

Hi, I am Ann Tomlinson Malkie. The old timers (anyone who has been around for the last years) probably knows me as James Tomlinson, Seniors' daughter. Approximately 45 years ago I ran away from home, joined the U.S. Army to see the world, and now this Squirrel has returned to the charming community of Winslow to retire.

I asked JoAnn if I could start writing some little articles about the joys of retirement in our town and she honored me by giving the green light. Of course, she has the right to cross out any inappropriate wording. I would also appreciate it if she would correct the spelling and grammar as needed before publishing. For those who remember me in school (Class of '72) English was not my best subject, despite taking English classes to pull up my grades in college. For those who remember her: I asked Mrs. Holston in her later years why I could only make a "C" in her classes and "A's" in college English. With a grin, she said, "to make you try harder and you wouldn't be making those "A's" without me." I was not happy about her answer; but she was correct. It took me a while, but I do appreciate the education I received in Winslow, both in and out of the class room.

Since returning, I have talked to a lot of people about why they live or moved to Winslow and these are some of the reasons that I have heard:

- Family has always been here;
- Like the area, quiet, nature, so pretty; {people pay for a train ride to see what we see every day}
- No one bothers you here, live and let live;
- The people are friendly and will help you out if you need it;
- Cost of living is good, low taxes.

Personally, I returned because (1) Dad; and (2) I could not think of anyplace that could be as beautiful (Spring, Summer, and Fall – Winter, not so much); (3) peaceful (needed after 29 years with the government), and the (4) great cost-of-living does not hurt my feeling compared to the big cities. What I have found, and I am really enjoy is the enthusiastic sense of community among the citizens of Winslow. The passion and compassion of people working together and all the volunteering for the various activities. Way-to-Go, Winslow! Winslow Proud! Thank you for the welcome.

Winslow Community Meals Honors Our Local Veterans

On Veteran's Day November 18, 2017 Winslow Community Meals prepared Spaghetti and invited all the local veterans to partake free of charge. WCM chose the first four of many deserving veterans to receive a Quilt of Valor. This is something WCM plans to become an annual event. The men were chosen by the wars and conflicts they participated in starting from the oldest.

William Ernest Reed, a veteran of World War II, received the first Quilt of Valor awarded in Winslow on 23 October 2017 just two hours before he passed away. At the ceremony his Quilt of Valor, made by Yvonne Fennell and quilted by Patti Provence of Mountainburg, was shown by his wife Emilia Reed.

Richard Price retired from the U.S. Army and was in the service during both the Korean Conflict and the Vietnam War. Yvonne Fennell made and quilted Richard's Quilt of Valor.

The plans for Veteran's Day 2018 are in the making and many quilt patterns are flying around in the heads of the cutters, the piecers and the quilters. Soon after the first of the year, the actual work will begin. If you know of any veterans that served during the Korean Conflict, please leave the information at either Winslow Community Meals or at Winslow City Hall. We want to honor the oldest veterans while we still have the chance. A Quilt of Valor can be awarded only to a living veteran.

James Tomlinson is a veteran of World War II. He was presented the Quilt of Valor made by the Extension Homemakers Club of Winslow and quilted by Martha Brown of Fayetteville.

Winslow Community Meals wants to thank everyone for helping us honor all our area servicemen and women. We hope the community will support us in honoring these men and women.

“THE LEAST OF THESE THRIFT SHOP”

The old Assembly of God Church thrift store has been renamed “The Least of These Thrift Shop”. It is located in the old candle factory on Highway 71. The hours are Monday thru Saturday 9:00 A.M. to 5:00 P.M.

The store has expanded its assortment of goods into categories such as , sporting goods section, tool section, etc. Check with the ladies at the store to see what other sections they have completed. If you have no use for it and it's in working condition consider donating it so someone else can use it. They have a weather-proof outside storage area so you may drop things off anytime, even when they are not open,

James Reed served our country during the Korean Conflict of the late 40's, early 50's. His Quilt of Valor was made and quilted by Yvonne Fennell.

YOU THINK ABOUT THAT

501(c)3 Tax Status

I have mentioned this issue before, but it is now time to get to where the rubber meets the road and make the Church members and Pastors aware of what is really going on with this issue. Let me get your attention real fast and then I will explain it very simple. Every Church that is organized under the IRS 501(c)3 Tax Status Has Joined Up With The Devil AND HAS SEALED ITS DOOM TO DAMNATION AND ETERNITY IN A DEVIL'S HELL. When they get behind the sacred desk to take the tithes and offerings, 99% of the time they will tell you, your gifts are "FULLY" Tax deductible. That is an absolute LIE. Here it is in the simplest form with the tax code. If, (For a Married Couple Filing Jointly) you did not give one dime to the Church, the IRS under the 2016 tax code gave you a \$12,600 deduction from your total income, before taxes were calculated. Therefore, from this example if you gave \$13,600 to the Church you would only realize \$1,000 of that \$13,500 deducted from your income before taxes were calculated (you gave \$13,600 less \$12,600 you get if you did not give anything). \$1,000 Realized to deduct from your income, before taxes are calculated. This amounts to about \$150 you will save in taxes. Now, the more "Other Qualified Deductions" you have the more of this \$13,600 you will realized from your taxable income. However, you will never realize 100 percent of the 13,600. I have just used this Church donation because that is what this 501(c)3 tax status is about in silencing the Churches. Therefore, for a measly \$150, the Church has sold out to the Devil. Because by having this 501(c)3 Tax Status, the law says they cannot make any political statements. Thereby choosing "NOT" to obey the commandments of Jesus in the four Gospels and the entire word of God. Choosing rather to allow 65 million plus babies killed over the past 50 years and allow perversion and all other abominable sins in the eyes of God to infest our country and society as "normal". Jesus set the Church to be to a force against this evil and demonstrated it by his own actions in cleaning out the temple. Get It Done. The Church has chosen to serve "Money" over obeying "God" and Jesus said "You Can't Serve God and Money". I know this is long and I'm not apologizing, I'm just hoping that maybe, "Please God" this will knock someone in the head with a ball bat and wake them up to the fact their Church leaders are deceiving them for the mere reason of more money in their pockets. Just FYI the new tax law still has the same 501(c)3 rules. There will be a Judgment day and you will be there to answer for "Your" own personal actions.

JESUS IN THE MIDST

In *Hosea 11.9* we find these arresting words: "For I am ... the holy one in your midst." These words find ultimate fulfillment in Christ. He is the One who is eternally in our midst. Consider...

1) *Jesus Is In The Midst Of Knowledge And Learning.* Luke 2.46 says "...they found Him in the temple, sitting in the midst of the teachers (doctors/KJV)..." Jesus is at the center of all learning; all knowledge; all wisdom. *Colossians 1.19* notes that "all the fullness" of deity dwells in Him! Christianity is not contrary to reason, nor antagonistic to learning. Jesus is truth; More, He is the truth! (*John 14.6.*) How tragic that the doctors" and "teachers" in academia applaud ignorance and error while refusing to recognize the presence of Jesus in their midst!

2) *Jesus Is In The Midst Of Sinners.* *John 19.18* notes that when Jesus died, they crucified "two others with Him, and Jesus in the midst." Jesus was there, not because He approved of their sin, but in order to save them from it. In a sense those two thieves represent all mankind, for "all have sinned and come short of the glory of God." (*Romans 3.23.*) Christ deliberately chose to place Himself in the midst of the human condition in order to redeem us from the curse of sin.

3) *Jesus In The Midst Of Eternal Glory.* *Revelation 5.6* pictures the Lamb as being "in the midst of the throne and of the four living creatures, and in the midst of the elders..." John sees heaven as the center of the Cosmos. At the far outside edge of a series of concentric circles are billions of swirling galaxies. At the center is the throne room of heaven with with circles of multiplied millions of angels and and of the redeemed; then a smaller circle of 24 Elders and 4 living creature who cry continually, "Holy, holy, holy." At the very center of of the cosmos, there is a throne. And at the center of the throne is the Lamb, the One slain from the foundation of the world!

What does this say to us? It says that Jesus is God to be worshiped and served. It also says that He has a right to claim a place in the midst of our lives! *He Who is the center of eternal glory will accept nothing less than the central place in your life!!!* Does He reign "in the midst" of your life???
