Tidbits from the Hilltop

By Ann Tomlinson Malkie

We did it! We planted flowers, a tomato plant, and a few herbs, in my 45 foot flower bed in front of the house. They are actually growing quite nicely. Another phase of the five year plan is in place! So excited. I enjoy going out on the porch in the evenings, water hose in one hand and beverage in the other to make sure those pretties have something to drink. The deer and raccoon have not done too much damage yet. We are trying to grow a honeysuckle vine but it seems like the deer are enjoying it too. Working on a cure. Until next time, continue to stay safe and I sure hope if I see you, you are keeping me safe by wearing your mask. Always, Ann from the Hilltop

THE CITY OF WINSLOW COVID-19 RECOMMENDATIONS

To protect yourself and others, the Arkansas Department of Health recommends:

- Wash your hands often with soap and water for at least 20 seconds. Use hand sanitizer when soap and water are not available.
- Practice physical distancing. Avoid close contact with others, especially those who are sick, by keeping at least 6 feet between you and others.
- If you think you have been exposed to COVID-19 or develop a fever, cough, or shortness of breath, seek testing. Testing is available in many locations, including ADH Local Health Units.
- Wear a cloth mask when in public and unable to maintain a 6-foot distance from others.

IF YOU ARE WORKING FROM HOME OR TAKING ONLINE CLASSES

- Set aside a work area in your home that is separate from the rest of your life.
- Choose a workspace with plenty of natural light.
- Set up a dedicated phone line or cell to use for work calls.
- Ensure you have reliable, high speed Internet access.
- Create a quality workspace complete with desk, ergonomic chair, lighting, printer, copier, and storage space.
- Obtain a quality desktop or laptop computer.
- Install Microsoft Office 365, plus any other software necessary for your particular job.
- Stock up on office stationery. Set up an account with your local store, if necessary, to ensure you never run out.

MAKING IT WORK

- Structure your day. Set yourself regular working hours and stick to them.
- Tell friends and family that you're 'at work' during your working hours. Often, those close to you think that if you're home, then it's OK to call or pop in for a chat.
- Take regular breaks.
- Save your work to the cloud with OneDrive. That way, you can take your work with you if you need a change of scenery.
- Switch off at the end of the day. Do not be tempted to check your email after the working day has finished.

WINSLOW LOVED ONES WE HAVE LOST

Charles Vernon Hughes

June 5, 1926 - June 26, 2020

Charles Vernon Hughes, age 94, of Winslow, passed away on Friday, June 26, 2020, at Willard Walker Hospice Home in Fayetteville. He was born in 1926 in White House Community, Arkansas, to Wyth A. and Mary Bell (Watkins) Hughes. He is preceded in death by his beloved wife, Virginia Hughes; son, Jesse Dale Hughes; daughter, Jeanette Michelle Panoke; and four brothers, Oscar (Audrey) Hughes, Eugene (Ann) Hughes, Ted (Agnes) Hughes and Homer (Lily May) Hughes.

Charles was an extremely hard worker. After leaving the U. S. Air Force he worked tirelessly for years to buy a family farm. Charles and Virginia owned Hughes Greenhouses for over 40 years, along with baskets of beautiful flowers they also farmed some of the most sought-after tomatoes in the area. Charles was well known on the Dallas farmers market, Springdale farmers market and local stores for being honest, reliable, and fair. Often being called "the honest tomato man from Arkansas". After "retiring" from the greenhouses, he continued with tomatoes and cattle. Wanting to put out another patch of tomatoes right up till his 94th birthday.

To his family he was a pillar of strength, kind, funny, hardworking, and generous. He loved family gatherings, joking around, playing Skip-Bo, teasing the kids, and telling amazing vibrant stories you never tired of hearing. He instilled in his children and grandchildren the importance of hard work, education, honesty, keeping your word and loving your family. He loved to sit out on his front porch and talk to anyone who came by. He never knew a stranger, always quick with a knee slapping joke. He loved a good prank, like asking someone to pick up wheelbarrow steering fluid, wheelbarrow seeds and the best advice... "Don't take any wooden nickels but get all the wooden quarters you can."

He is survived by his daughter, Vickie (Georgie) Henson; one brother, Ray (Billie Sue) Hughes; three grandchildren, Tina (Stephen) Mirabella, Travis Hughes, and Charles (Nikki) Henson; and eight great-grandchildren, Kirsten Mirabella, Kaleb Mirabella, Karter Henson, Joshua Hughes, Kenny Hughes, Marshall Hughes, Dillon Hughes and Yizabella Hughes.

The family cannot imagine a day without him, his laughter, abundance of love and warmth. We feel truly blessed in this life to have all the memories we have and will continue our lives with the lessons he taught us. He was truly "One in a million".

The family would like to thank Northwest Medical Center of Springdale and Willard Walker Hospice for taking such great care of him.

A visitation will be held from 10:00 – 11:00am on Monday, June 29, 2020, at Moore's Chapel Funeral Home in Fayetteville with a funeral service to follow at 11:00am. Interment will follow at Brentwood Cemetery in Winslow.

In lieu of flowers, memorial contributions may be made to the Willard Walker Hospice Home at <https://www.wregional.com/hospice/willard-walker-hospice-home>

The Washington County Animal Shelter

The Washington County Animal Shelter is back to full staff but not open to the public unless they have an appointment for legitimate business. The Spay/Neuter program for the public has resumed and is slowly catching up on the waiting list. Details can be found on the County website (under Animal Shelter) to see if you qualify. People wanting to surrender animals must call & get put on the Surrender Waiting List. 479-695-3450. Adoptable pets can also be found as a link on the Washington County website.

Animal Control works through the Sheriff's office, not the shelter. If there is an issue with a dog or cat the public has to call them to determine if they can respond. 479-444-5703.

RECYCLING TIPS from a procrastinator:

This weekend I decided it was about time that I sort out my recycling to get it ready for when it starts up again. Here is what I have learned:

- DON'T WAIT FOUR MONTHS or until you have ten bags of recycling to sort! Gnats love empty bottles and cans if someone forgets to rise!

- Gnats hate "Simple Green" mixed with water (50/50) – so do wasps.

- Make sure to rise all bottles and cans into your temporary recycle container before sorting – it only takes a moment.

- When sorting – wear heavy shoes (I prefer work boots, and step on the cans while on their side and smash it as flat as possible. It is amazing how much space it will save.

- Separate into different containers:

Glass, cans, plastic, paper, magazines. Cardboard boxes must be clean and broken down.

By the way, the ten bags became one bin of cans, 1/3 of bottles, 1 and ½ of plastic and three bags of that heavy packing paper (Probably two bags if I had folded it), plus four hours in a hot garage.

Congratulations
Ray and Billie Sue Hughes
On June 18, 2020 they
celebrated 65 years of wedded life
together.

The Amazing Cucumber

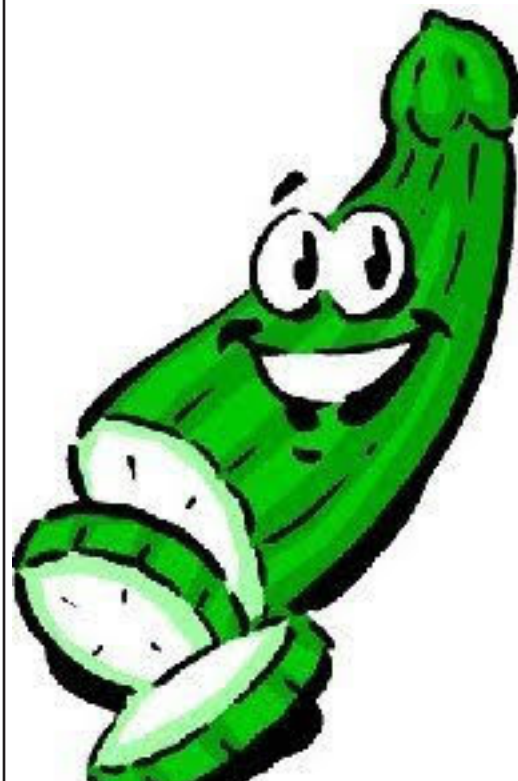

This information was in The New York Times several weeks ago as part of their "Spotlight on the Home" series that highlighted creative and fanciful ways to solve common problems.

1. Cucumbers contain most of the vitamins you need every day, just one cucumber contains Vitamin B1, Vitamin B2, Vitamin B3, Vitamin B5, Vitamin B6, Folic Acid, Vitamin C, Calcium, Iron, Magnesium, Phosphorus, Potassium and Zinc.
2. Feeling tired in the afternoon, put down the caffeinated soda and pick up a cucumber. Cucumbers are a good source of B Vitamins and Carbohydrates that can provide that quick pick-me-up that can last for hours.
3. Tired of your bathroom mirror fogging up after a shower? Try rubbing a cucumber slice along the mirror, it will eliminate the fog and provide a soothing, spa-like fragrance.
4. Are grubs and slugs ruining your planting beds? Place a few slices in a small pie tin and your garden will be free of pests all season long. The chemicals in the cucumber react with the aluminum to give off a scent undetectable to humans but drive garden pests crazy and make them flee the area.
5. Looking for a fast and easy way to remove cellulite before going out or to the pool? Try rubbing a slice or two of cucumbers along your problem area for a few minutes, the phytochemicals in the cucumber cause the collagen in your skin to tighten, firming up the outer layer and reducing the visibility of cellulite. Works great on wrinkles too!!!
6. Want to avoid a hangover or terrible headache? Eat a few cucumber slices before going to bed and wake up refreshed and headache free. Cucumbers contain enough sugar, B vitamins and electrolytes to replenish essential nutrients the body lost, keeping everything in equilibrium, avoiding both a hangover and headache!!
7. Looking to fight off that afternoon or evening snacking binge? Cucumbers have been used for centuries and often used by European trappers, traders and explorers for quick meals to thwart

off starvation.

8. Have an important meeting or job interview and you realize that you don't have enough time to polish your shoes? Rub a freshly cut cucumber over the shoe, its chemicals will provide a quick and durable shine that not only looks great but also repels water.
9. Out of WD 40 and need to fix a squeaky hinge? Take a cucumber slice and rub it along the problematic hinge, and voila, the squeak is gone!
10. Stressed out and don't have time for massage, facial or visit to the spa? Cut up an entire cucumber and place it in a boiling pot of water, the chemicals and nutrients from the cucumber will react with the boiling water and be released in the steam, creating a soothing, relaxing aroma that has been shown to reduce stress in new mothers and college students during final exams.
11. Just finished a business lunch and realize you don't have gum or mints? Take a slice of cucumber and press it to the roof of your mouth with your tongue for 30 seconds to eliminate bad breath, the phytochemicals will kill the bacteria in your mouth responsible for causing bad breath.
12. Looking for a 'green' way to clean your faucets, sinks or stainless steel? Take a slice of cucumber and rub it on the surface you want to clean, not only will it remove years of tarnish and bring back the shine, but it won't leave streaks and won't harm your fingers or fingernails while you clean.
13. Using a pen and made a mistake? Take the outside of the cucumber and slowly use it to erase the pen writing, also works great on crayons and markers that the kids have used to decorate the walls!!

"Jesus Himself... walked along with them."

WITHOUT GOD!

In writing to Christians at Ephesus, Paul reminded them that there had once been a time, when they were without hope and "without God in the world." (Ephesians 2.12.) A world "without God" is too horrible to contemplate. Consider...

Without God there is no basis for decency or morality. There are only subjective personal opinions about "good" or "evil." As Dostoevsky noted in *The Brothers Karamasov*, "Everything is permitted!" So if Hitler decides to murder 6 million Jews or a pedophile abuses innocent children who can say they are wrong?? Apart from the character and authority of God, there is no moral argument against murder, rape, or any other crime.

Without God there is no meaning in life. What is life all about? The big questions are always there! "Who am I...? Why am I here...? Where am I going...?" We may try to ignore them but, sooner or later, they intrude. Without God, there is no answer! Man becomes merely a biological accident headed for extinction. But if God is there, then human history and our own lives have meaning and purpose.

Without God There is No Humanity And No Freedom. When people reject God as Creator, they cheapen and destroy themselves! If there is no God, there is no freedom of human will. Apart from God, as Jefferson recognized in the Declaration of Independence, there are no inalienable human rights. The Bible declares, "where the Spirit of the Lord is, there is freedom." (2 Corinthians 3.17.) Evolution confers no rights. Molecules confer no rights. Rights depend upon a moral source. No rights giver, no rights!

Without God we are reduced to utter helplessness. If God is not there, the universe is a malevolent, hostile place. We have no One we can rely on who is bigger, stronger, better, wiser than ourselves. We are all alone! God is the God of all hope. (Romans 15.13.)

As William Barclay has well said: "Belief in God is the only thing that can keep man from ultimate despair. Only a sense of the grace of God can keep a man from despairing about himself, and only a sense of the over-ruling providence of God can keep us from despairing about the world."
