Weather In Winslow

By
Joya

When we moved to Winslow in 1988 and bought our home, Larry Jarnagan “Tiny” told us, “Winslow makes its own weather.” After living here for 30 years, it is still intriguing to experience Winslow Weather.

I have sat on my front porch when it was raining heavily on our yard, looked across Hwy 74, Winslow Blvd, across the railroad tracks to my Mom & Dad’s house sitting in sunshine where no rain fell at all. We all have seen this happen and it is still fun to see!

We have witnessed summers so hot and humid the air was hard to breathe. The air was like a smothering, sweltering envelope engulfing us, stifling the very breath we take. And the very next day the temperature dropped to a shivering and welcoming cold, making us marvel at the drastic change.

The winters are so beautiful here. And yet there are times when the heavy ice can shatter ancient trees to the ground.

I have seen our children jump into snow drifts and scream with excitement. I have seen a puppy tunnel and play in deep mounds of snow. Just like a fox he would jump up and pounce head first into the snow making us laugh at his crazy antics.

Then there are those days so pure and rich with a shimmering crystal beauty that captures us with awesome expectations. Days of winter that whisper to our of our Creator.

I have seen the skies filled with mesmerizing clouds that make me stop and stare in complete awe and admiration. I stop. Watch. And I wait. I am filled and fulfilled with the Silence of Peace created by Him.

I have seen storms, glorious thunderheads building, white then turning, churning into threatening masses of heavy warnings, wind that whipped the trees with pounding power. Rain falling horizontally across the land driven by forces that are yet to be seen. Deafening thunder crashing just above our roofs that causes the hills and hollers to tremble and echo. Lightning flashing and spidering across the sky in webs of patterns fascinating and spell binding. Storms in our town that cause our friends and neighbors to tell of all they have witnessed. These stories need telling because we share this incredible “Weather of Winslow”.

Autumn is when our trees blaze their farewell to us. Leaves falling, crimson, burgundy, and gold drifting like the quiet whispers of our hop. Wood smoke fills our senses and our thoughts turn to another time and another place.

Fall in Winslow, a time of stillness, a time of reflection and a time to honestly listen with our soul. Really listen to our Father and rejoice.

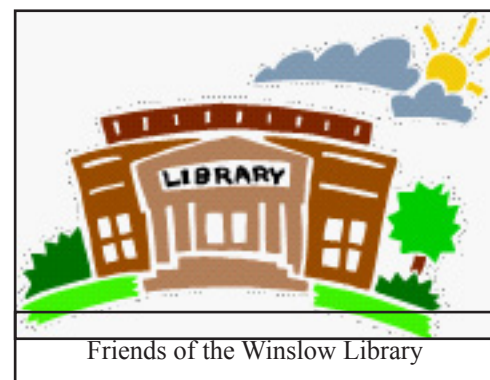

Spring in Winslow. Every day is a new beginning, a time when we watch for the spring buds and enjoy all the colors of their blooming glory. This is a time when we never really know what our

“Winslow Weather” will think up next! It changes sometimes by the hour. Spring weather that seems to be laughing at us or yelling at us ... “Pay attention to me or else”! Spring does have a very unique way keeping us on our toes. It is a time to dig deep, plant well, and replenish those precious moments of growth.

1. *To every thing there is a season and a time to every pur pose under the heaven:*
2. *A time to be born and a time to die; a time to plant, and a time to pluck up that which is planted;*
3. *A time to kill , and a time to heal; a time to break down, and a time to build up;*
4. *A time to weep, and a time to laugh; a time to mourn, and a ime to dance;*
5. *A time to cast away stones, and a time to gather stones together; a tune to embrace and a time to refrain from embracing;*
6. *A time to get and a time to lose; a time to keep and a time to cast away;*
7. *A time to rend and a time to sew; a time to keep silence, and a time to speak;*
8. *A time to love, and a time to hate; a time of war, and a time of peace.*

Ecclesiastes: 3:1-8

We all have experienced so many seasons during our lifetime, times of warm, happy moments, and also dark stormy situations that cloud our vision causing us to lose direction. Some of us, perhaps most of us, have endured painful loss that chilled us beyond reason. But then there is that time when renewal transforms us. We realize that there is still hope. That is the time of rejoicing. That is the time we know God’s timing is Perfect. That is the time we know humility and gratitude, and we know His Grace is sufficient!

If I could have one wish granted it might be that September would be over!

What's happening at the WCCA in September? Lots.

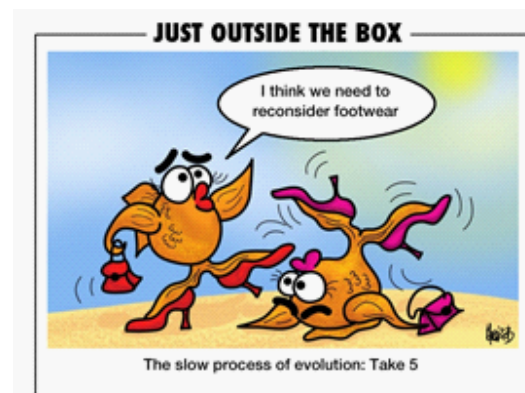

On September 8th we need folks to volunteer to come up and help get the "starting line" for the Winslow Run area cleaned up and presentable. Anyone wanting to help, contact Beverly or Ken Stout.

On September 15th we're going to be working a water station for the Winslow Half-Marathon. Need some volunteers for that morning. And then that afternoon – it's Winfest! We'll be having our annual membership drive at a table at Winfest. All membership to the WCCA is due by October 1st and it is important that you join so that you can VOTE for your Board Member representatives on October 20th 5:00pm at our annual Member Meeting for Board elections. Membership applications will be included in this issue of Within Winslow and in October's issue as well. You can always pick up membership applications from outside the WCCA's office in the Rock Building. They're sitting on a chair by the office door.

September 28th and 29th is the Winslow Community Center's 1st Annual Gun and Knife show. Volunteers are needed for this event – Wednesday, Thursday, Friday and Saturday. Contact Tanya or Beverly and let us know how and when you can help. Admittance price for the gun show is \$5.00 each day. There will be vendors outside selling motorcycle paraphernalia, jewelry, clothing, essential oils and a host of other products. Gun and knife sellers will be in the gymnasium. BarBQue and other food will be available. This is an excellent opportunity to showcase Winslow during Fayetteville's Bikes, Blues and BBQ event. Y'all come out and help us put on a great event. Again – event times are 8am to 5pm Friday and Saturday.

Also – we are raffling off an amazing long rifle at this event. You can see it in person at the MountainTop Gun Shop or on the advertisement in this edition of Within Winslow.

I'll see you at the Winslow Half-Marathon, at Winfest and again at the Gun Show. Right? Right.

Hello my name is Jerry Kidder;

I am running for Mayor of Winslow. I have lived in Winslow since 1985. Continually Being an active member of the community by helping to support Ozark Folkways, the Farmers Market, the WCCA, the Winslow Run with the Squirrels, the Winslow Christmas parade, Friends of the Library, and Winslow Community Meals. My business partner and I put on the 4th of July fireworks display. I have hosted the Saturday morning Coffee Klatch for the last 13 years. I am a retired master electrician and railroad president.

I love my little town and want to help it grow in a clean and productive manner.

Also running for Mayor is Chuck Dwyer who is, I am sure, a fine fellow citizen and a worthy opponent, so as I see it I am not running against Chuck I am just running for Mayor.

I would love to have your vote in November but even if you do not vote for me please vote.

YOU THINK ABOUT THAT

By Wesley Wood
479-466-0681
woodw840@gmail.com

Faith (Part I of III)

Hebrews 11:1 Now faith is the substance of things hoped for, the evidence of things not seen. 2 Corinthians 5:7 For we walk by faith, not by sight. Romans 12:3 For I say, through the grace given unto me, to every man that is among you, not to think of himself more highly than he ought to think; but to think soberly, according as God hath dealt to every man the measure of faith. A personal note to start. Since I started living by Faith and not by Sight, my life has dramatically improved in the way I see things and the peace that I have emotionally, physically and psychologically about everything that happens in my life. I watched a documentary on the archeological digs of the salt sea area searching for evidence of Sodom and Gomorrah. One of the archeologists commenting stated "he did not believe archeological proof that Sodom and Gomorrah existed would be found". However, if archeological evidence was found, "It Would Not Prove Faith". I don't know if the man was a believer but those were profound words of wisdom. The man understands what Faith means. Unlike the Church leaders, Pastors and Teachers who are continually looking for evidence and signs that God exists whether due to the lack of understanding or ignorance of the definition of the word Faith(which I do not believe) or the continual efforts of keeping the people confused for the purpose of promoting their own personal well-being, they're all doing it and it is an abomination and disrespect for the Word of God they profess to believe. You can't believe the Word of God and think prove God will be found. No one will ever know God exist. No one will ever "know" Hell exist. Your emotions, your feelings are not proof God exist or that you are going to Heaven. No one knows they are going to Heaven. No one knows they are going to Hell. An intelligent society understands this and the Church teaching in the realm of knowledge is ineffective. If the Church would teach "Faith" intelligently as the word means (a belief that is not based on proof) the effectiveness of the Church in our society would increase dramatically. I believe there will be a Judgment day. I believe you and I will be there to answer for "Our" own personal actions. I'm Wesley Wood, YOU THINK ABOUT THAT!

Bible Humor

A little boy opened the big family Bible. Â He was fascinated as he fingered through the old pages. Suddenly, something fell out of the Bible. Â He picked up the object and looked at it. Â What he saw was an old leaf that had been pressed in between the pages.Â Â 'Mama, look what I found,' the boy called out.Â 'What have you got there,Â dear?'Â Â With astonishment in the young boy's voice, he answered, 'I think it's Adam 's underwear!'
