

WITHIN WINSLOW

Date: 2022 June

Volume: 20

Issue: 6

All Winslow Citizens are encouraged to attend a Special Public Meeting

on

Monday, June 13, 2022

6:00 PM

At the ball park pavilion

Hwy 71 across from fire station # 2

Topic: Fun Park Grant

Winslow City Hall

and

Winslow Water System Office

will be closed on the federal holiday

Monday, June 20, 2022

Winslow's 4th of July Celebration!! is back!!!!

Save the day for an afternoon & evening of fun with your family and friends at the Winslow Ballpark (Hwy 71)

There are plans for games, WCCA will handle concessions, and at dark, there will be an outstanding fireworks display.

Bring your own chairs.

Special Public Notice:

June City Council Meeting

Monday June 20, 2022

at City Hall 6:00 PM

Citizens welcome

AS OF APRIL MEETINGS ARE THE THIRD MONDAY EACH MONTH

Efforts will be made to Zoom the meetings at:

Online Zoom Meeting @:

<https://us02web.zoom.us/j/7264871421> or by phone @ (312) 626-6799 and enter Meeting ID: 7264871421

If you wish to be on the agenda, please email Winslowcityhall@gmail.com or leave a message at (479) 634-3903. Thank you

108 N Winslow Blvd. Winslow, AR 72959

June 4th, 9am. - 1pm.

Pet ID Tag Engraving & Community Outreach Event

Our Vol Team will be inside Winslow City Hall, rain or shine,
located in historic downtown Winslow.

A Washington County Animal Shelter representative will be there
to answer any questions the public might have about the services
that WCAS has to offer.

Because calling home is not an option for lost pets.

Did you know only 10% - 30% of dogs and 5% of cats are returned to their owners when lost? Tagging your pets with an ID dramatically increases the likelihood of them returning home safe and sound.

For \$5 dollars ID your pet today! It's easy, it's love.

All proceeds go to the WCAS Volunteer Team to help and assist the

Washington County Animal Shelter

adventure fun with a
custom made
Pet ID tag".*

 LIVE.....LOVE.....RESCUE 

WINSLOW LOVED ONES WE HAVE LOST

SHIRLEY (HAYES) PENSE October 18, 1935 - May 7, 2022

Shirley L. Pense, 86, passed away on May 7, 2022 in Wichita Kansas. She was born on October 18, 1935 in Winslow, Arkansas to Granvil Hayes and Marie (Smith) Watkins. She was a 1953 graduate from Winslow High School. On August 29, 1954 she married Amos Pense. She was a beloved wife, mother, grandmother, sister, aunt and friend. Shirley and Amos were together until he passed away on August 4, 2019. They enjoyed hunting and fishing together at their place in Fall River Kansas. She was an avid reader and usually had a book in her hand, even when hunting.

She was preceded in death by her parents, daughter Brenda Pense, sister Fern Anderson, and brother J.D. Hays.

Shirley is survived by her daughter and son-in-law Janelle and Richard Bell; grandsons Travis Bell (Jamie) and Tyler Bell; two great grandchildren Grayson Bell and Jayla Bell; sister Joyce Goates; brother Donnie Hays; several nieces, nephews and dear friends.

Upon her request, there will be no service at this time. Condolences may be left for the family at www.bakerfhvc.com

Pauline Estes, November 30, 1929~April 28, 2022

On Thursday, April 28, 2022, the Lord released Pauline Estes of all her earthly bonds and called her to be home to be with Him in Heaven. She was 92 years old.

She was preceded in death by her parents, Floyd and Ava Southern; her husband, Harley; two brothers, Edward and Maurice Southern; and a sister, Dorothy Gooding.

Pauline was born in Blackburn, AR. She worked as an accountant for Arkansas Best Corp. until she retired. She loved working in politics (local, state and federal). Pauline was a yellow dog democrat to the very end. She attended Buckner Baptist Church. She loved her family

Her passing hurts her family and friends, but we know she is happy to be with the Lord and Harley now. We are all happy for her.

Pauline is survived by her children, son, Rocky Slavens and his wife Terri, son, Jimmy Slavens, and her daughter, Donna Bridger and husband Andy; a sister, Joann Southern; stepson, Kirk Estes and wife Regina; 18 grandchildren; 38 great-grandchildren; and 14 great-great-grandchildren; and one special friend, Betty Gullige.

Funeral services will be 2:00 PM Tuesday, May 3, 2022 at Beard's Chapel with Pastor Larry Mitchell officiating. Interment will follow in Buckner Cemetery.

Christine Reed May 21, 1933 - May 23, 2022

Christine Reed, 89, of West Fork, died Monday, May 23, 2022, in Springdale. She was born May 21, 1933, in Brentwood, Arkansas to Howard Dale and Zella Margaret Keys Canfield.

She was preceded in death by her husband, Charles Eugene Reed and three brothers.

Christine is survived by four sons, Vince E. Reed, Raymond B. Reed and his wife Maxine, Wes H. Reed, all of West Fork and R. J. Reed and his wife Liz of Gooding, Idaho; two daughters, Connie Johnson and her husband Mike of Brentwood and Tena Jarecki and her husband Mark of Rogers; one sister, Norma Seely and her husband Donnie; fourteen grandchildren, twenty-five great-grandchildren; and many other family and friends.

Visitation will be from 12:30-1:00PM on Saturday, May 28, 2022, at Winslow Church of Christ with funeral services beginning at 1PM. Burial will follow at Brentwood Cemetery under the direction of Moore's Chapel Funeral Home.

Beth Kay Center April 8, 1956 until May 13, 2022

Beth Kay Center, age 66, of Winslow died Friday, May 13, 2022 at Willard Walker Hospice House located in Fayetteville. She was born April 8, 1956 in Torrance, California the daughter of Harriet Frances Rygh and Albert George Adams.

She enjoyed spending time with family, vacationing, especially trips to the beach, going to church and her little dog Bella.

Beth was a member of Winslow Methodist Church She was preceded in death by her mother, father and eldest brother Don Heimark.

Beth is survived by her brother Jon Heimark; one son, Evan Center; two daughters Heather Center and Jamie Reed; three grandsons, Dane Spradlin, Brandon Reed and David Reed; three granddaughters, Allison Reed, Delaney Rhoden and Annika Thomason; and two great granddaughters Gracelyn Rhoden and Luna Spradlin.

A celebration of Beth's life will take place at Winslow Methodist Church, Saturday, June 4, 2022 at 11 a.m. Potluck to follow.

In lieu of sending flowers please donate to the ASPCA or Willard Walker Hospice House.

SHIRLEY ALEENE HENSON

August 17, 1947 - May 19, 2022

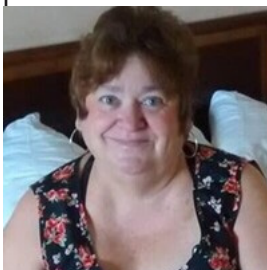

Shirley Aleene Henson, age 74 of Winslow, died Thursday, May 19, 2022. She was born August 17, 1947 in Sunset, Arkansas to Add Ancil and Velda Lee (Nobles) Christison. Shirley was a loving mother and doting grandmother, and enjoyed sewing. She also loved her congregation at Blackburn Covenant Church where she started a thrift store.

Shirley was preceded in death by her husband, Ray Henson, and two brothers, Mark Christison and Max Nobles. She is survived by two children, Adean Henson and Tabetha Slaton and husband Rodney all of Winslow, grandsons, Blake Henson and Ryan Slaton; one great granddaughter and a host of extended family and friends.

A memorial service will be 10 a.m. Friday, May 27, at the Blackburn Covenant Church with Pastor Marsha Cooley officiating.

SHARON KAY MANNING

December 13, 1951 - May 14, 2022

Sharon Kay Manning, age 70 of Winslow, died Saturday, May 14, 2022 in Fayetteville. She was born on December 13, 1951 in Huntington, West Virginia to Hubert and Lucille (Stout) Poynter. In her early years, she lived in West Virginia before moving to California where she met her future husband. She married Kenneth

Ray Manning on March 5, 1969, and they moved to Arkansas where they raised their family. Sharon enjoyed being outdoors where she loved to camp and fish. She was preceded in death by her son, Tommy Poynter; two sisters, Betty Runyun and Janet Pohl; and a grandchild.

She is survived by her husband, Kenneth Manning of Winslow; son, Kenneth Manning and fiancé Laura of Nixa, Missouri; two daughters, Bonnie Laird and husband Freddy of Winslow, Shelly Curtis and husband Cody of Lowell; sister, Helen Trilby of Springdale; 11 grandchildren and 11 great-grandchildren.

Funeral services will be 11 a.m. Friday, May 20, at Heritage Funeral Home Chapel. Visitation will be 4 to 6 p.m. Thursday at the funeral home.

Melinda Ann Carney

May 15, 2022

On May 15, 2022, Melinda Carney got her wings and restored body and went to walk alongside Jesus. She was 58 years old. Melinda was born in Bentonville, Arkansas. She is preceded in death by a sister, Regina Russell and brother, Matthew Edwards. Melinda is survived by her parents, Charles and Bernice Hill and father, Robert (JoAnn) Edwards; son, Brent Carney; daughter, Amelia Valdes (Jaime); four grandchildren, Alyssa Carney, Landon Carney, Rylan Valdes, and Raegan Valdes; sisters, Connie Linn and Mary Goldenberg; brother, Jason Edwards; numerous nieces, nephews and cousins.

Even as a child, Melinda wanted to be a homemaker. Her dreams were to raise her children and to manage her home. She was meticulous in all things from her house to her hair. Mother, wife, sister, daughter, caretaker, devoted flower gardener, and a lover of all things purple is just a short list of words that describe the life of Melinda.

All who knew Melinda well, knew she never backed down from a challenge or fight and faced every situation with the strongest of wills. No matter how sick or weak her body became over the years, Melinda's will to live was bigger. Through her, we know what resilience and perseverance truly looks like. There was no quit in Melinda. Even in the end with her body failing, she defied all odds with her fierce spirit.

A Celebration of Life will be held at New Life Church in Siloam Springs, Arkansas at 5:30 PM, May 23rd, 2022. Flowers can be sent to New Life Church.

Crystal Anne Malkie (Cryssi)

July 19, 1986 - April 30, 2022

Crystal Anne Malkie (Cryssi) passed away April 30, 2022 in her home in Dickinson, TX. Crystal was born July 19, 1986 in Houston, TX. She leaves behind her mother, Ann Tomlinson-Malkie and sister, Heather Malkie of Winslow, AR., along with uncles and aunts Carl & Joan Malkie (Ohio), Gary & Janis Sargent (AZ), Darrell & Catherine Sargent, Joanne Sargent (CA), numerous friends and organizations for which she volunteered. She was living with her longtime love, Chris Kimbrough, his daughter, A'Lexxus, and her special support dog Jäger. Crystal was preceded in death by her father: Earl Malkie, grandparents: James & Ruby Tomlinson, Sr., Matilda Malkie, and uncles: Richard Sargent and Jay Tomlinson, Jr. Cryssi could light up a room with her smile and will be dearly missed! A Celebration of Life will be held in her honor on Saturday, June 4, 2022 at American Legion Post 521 in Pasadena, TX from 5pm-8pm. As an honorably discharged USAF veteran she will be interred at her father's grave site at the Houston National Cemetery.

2021 Annual Drinking Water Report for Winslow Water System

Your 2021 Annual Drinking Water Quality Report is available at www.healthy.arkansas.gov/eng/ccr/332pdf
Copies are available upon request from our office.

Winslow Waterworks 2021 Annual Drinking Water Quality Report

We're pleased to present to you this year's Annual Drinking Water Quality Report. This report is designed to inform you about the quality water and services we deliver to you every day. Our goal is to provide you with a safe and dependable supply of drinking water, and we want you to understand, and be involved in, the efforts we make to continually improve the water treatment process and protect our water resources.

Where Does Our Drinking Water Come From?

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. We purchase treated water from Fort Smith Water Utilities. Fort Smith uses two surface water sources: Lake Fort Smith and Lee Creek Reservoir.

How Safe Is The Source Of Our Drinking Water?

The Arkansas Department of Health has completed a Source Water Vulnerability Assessment for Fort Smith Water Utilities. The assessment summarizes the potential for contamination of our sources of drinking water and can be used as a basis for developing a source water protection plan. Based on the various criteria of the assessment, our water sources have been determined to have a low to medium susceptibility to contamination. You may request a summary of the Source Water Vulnerability Assessment from our office.

What Contaminants Can Be In Our Drinking Water?

As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, can pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include: Microbial contaminants such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife; Inorganic contaminants such as salts and metals, which can be naturally occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming; Pesticides and herbicides which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses; Organic chemical contaminants including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems; Radioactive contaminants which can be naturally occurring or be the result of oil and gas production and mining activities.

In order to assure tap water is safe to drink, EPA has regulations which limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration (FDA) regulations establish limits for contaminants in bottled water which must provide the same protection for public health.

Am I at Risk?

All drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that the water poses a health risk. However, some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from small amounts of contamination. These people should seek advice about drinking water from their health care providers. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline at 1-800-426-4791. In addition, EPA/CDC guidelines on appropriate means to lessen the risk of infection by microbiological contaminants are also available from the Safe Drinking Water Hotline.

Lead and Drinking Water

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. We are responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

How Can I Learn More About Our Drinking Water?

If you have any questions about this report or concerning your water utility, please contact Mayor Randy Jarnagan at 479-634-3903. We want our valued customers to be informed about their water utility. If you want to learn more, please contact Mayor Jarnagan at the above listed number.

TEST RESULTS

We and Fort Smith Water Utilities routinely monitor for constituents in your drinking water according to Federal and State laws. The test results table shows the results of our monitoring for the period of January 1st to December 31st, 2021. In the table you might find terms and abbreviations you are not familiar with. To help you better understand these terms we've provided the following definitions:

Action Level - the concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

Maximum Contaminant Level (MCL) - the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal (MCLG) - unenforceable public health goal; the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum Residual Disinfectant Level (MRDL) - the highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum Residual Disinfectant Level Goal (MRDLG) - the level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

NA - not applicable

Nephelometric Turbidity Unit (NTU) - a unit of measurement for the clarity of water. Turbidity in excess of 5 NTU is just noticeable to the average person.

Parts per billion (ppb) - a unit of measurement for detected levels of contaminants in drinking water. One part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

Parts per million (ppm) - a unit of measurement for detected levels of contaminants in drinking water. One part per million corresponds to one minute in two years or a single penny in \$10,000.

| TURBIDITY | | | | | | |
|---|-----------------------------------|---|-------|----------------------------|--|---|
| Contaminant | Violation Y/N | Level Detected | Unit | MCLG (Public Health Goal) | MCL (Allowable Level) | Major Sources in Drinking Water |
| Turbidity (Fort Smith) | N | Highest yearly sample result: 0.14 | NTU | NA | Any measurement in excess of 1 NTU constitutes a violation | Soil runoff |
| | | Lowest monthly % of samples meeting the turbidity limit: 100% | | | | |
| ♦ Turbidity is a measurement of the cloudiness of water. Fort Smith monitors it because it is a good indicator of the effectiveness of their filtration system. | | | | | | |
| Contaminant | Violation Y/N | Level Detected | Unit | MCLG (Public Health Goal) | MCL (Allowable Level) | Major Sources in Drinking Water |
| Tritium (Fort Smith) | N | Average: 96.78 Range: 0 - 387.1 | pCi/L | NA | NA | Decay of natural deposits |
| INORGANIC CONTAMINANTS | | | | | | |
| Contaminant | Violation Y/N | Level Detected | Unit | MCLG (Public Health Goal) | MCL (Allowable Level) | Major Sources in Drinking Water |
| Fluoride (Fort Smith) | N | Average: 0.78 Range: 0.61 - 0.91 | ppm | 4 | 4 | Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories |
| Nitrate [as Nitrogen] (Fort Smith) | N | Average: 0.36 Range: 0.20 - 0.44 | ppm | 10 | 10 | Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits |
| LEAD AND COPPER TAP MONITORING | | | | | | |
| Contaminant | Number of Sites over Action Level | 90 th Percentile Result | Unit | Action Level | Major Sources in Drinking Water | |
| Lead (Winslow Water) | 0 of 10 | 0.003 | ppm | 0.015 | Corrosion from household plumbing systems; erosion of natural deposits | |
| Copper (Winslow Water) | 0 of 10 | 0.142 | ppm | 1.3 | | |
| ♦ We are currently on a reduced monitoring schedule and required to sample once every three years for lead and copper at the customers' taps. The results above are from our last monitoring period in 2021. Our next required monitoring period is in 2024. | | | | | | |
| TOTAL ORGANIC CARBON | | | | | | |
| ♦ The percentage of Total Organic Carbon (TOC) removal was routinely monitored in 2021 by Fort Smith, and all TOC removal requirements set by USEPA were met. TOC has no health effects. However, Total Organic Carbon provides a medium for the formation of disinfection by-products. These by-products include trihalomethanes (THMs) and haloacetic acids (HAAs). | | | | | | |
| REGULATED DISINFECTANTS | | | | | | |
| Disinfectant | Violation Y/N | Level Detected | Unit | MRDLG (Public Health Goal) | MRDL (Allowable Level) | Major Sources in Drinking Water |
| Chlorine (Winslow Water) | N | Average: 0.97 Range: 0.08 - 1.22 | ppm | 4 | 4 | Water additive used to control microbes |
| BY-PRODUCTS OF DRINKING WATER DISINFECTION | | | | | | |
| Contaminant | Violation Y/N | Level Detected | Unit | MCLG (Public Health Goal) | MCL (Allowable Level) | |
| HAA5 [Haloacetic Acids] (Winslow Water) | N | 14.4 | ppb | 0 | 60 | |
| TTHM [Total Trihalomethanes] (Winslow Water) | N | 27 | ppb | NA | 80 | |

This institution is an equal opportunity provider and employer.

9:00am - 12:00pm - Fishing & Weigh-ins

12:00pm - Awards

More on The Den Road Hotel and Theatre

This is a follow-up on the article in last month's issue of Within Winslow. We have had a call regarding our story about the Den Road Hotel and Theatre. The person that called said that he felt the theater was the one in Winslow that was run by Mr. Parks. We (Winslow Museum) are not saying that it was or wasn't. We just have questions and would like to really know where the Den Road Hotel was located and who owned and ran it? Where exactly was the Den Road Theatre and its location, who owned and ran it?

Things we do know:

There was advertisement type articles produced for the Den Road Theatre in the form of post cards, business card on the back of a hand mirror, and a brass token.

Newspaper article dated May 11, 1939 that announced Elizabeth Page (daughter of Mr and Mrs J R Page of Winslow) as Queen of the Hunt by the Fox Hunters Association. It states "She reigned last night over closing events which included a dance at Winslow's Den Road Hotel, a treasure hunt, and announcement of final awards."

Classified advertisement dated December 6, 1943 – For Sale ad "Den Road Hotel furniture: 7 mattresses, 5 bedsteads, 3 sets springs, 2 dining tables with chairs, breakfast room set, oil stove, cook stove. Farmers Trading Co, Winslow, Ark."

Classified advertisement dated September 28, 1949 – Help Wanted – Male "16mm film operator to bring program each Thursday. Denroad Theatre. Winslow, Ark."

Classified advertisement dated November 16, 1950 – Notice "Winslow-In person-On the Stage-Saturday November 18th. Mayme Faulkner (Dance Comedianne)-Reba Kasten (In Monologue) Sue Holley and Wanda Joiner (Tap Dancers) Super Deluxe – Box McDaniel and Kenneth Fox (Vocalists) – Best show of the Season 5:00pm- Denroad Theater.

Classified advertisement dated February 19, 1952 – Announcements "Rainbow Over The Rockies" Tuesday 19th 7:30 Denroad Theater Winslow, Ark. Genevieve Tarkington.

All the advertisements and the article are from the Northwest Arkansas Times – the Fayetteville, Arkansas newspaper.

So the questions remain, were the Denroad Theater and the Denroad Hotel at the same place, were they owned by the same people and where exactly were they?

The Winslow Museum encourages anyone that has any information on these places to contact us. 479-634-3903 We would also like to encourage anyone with any information on businesses, families, organizations, clubs, etc to contact us, come see us, write down stories and send them to us...share your information before it is lost. Send your information to: Winslow Museum, 108 Winslow Blvd., Winslow, AR 72959 or email: withinwinslow@gmail.com

The art of living the old ways, in modern times..perfected...

Hello SUMMER our old friend! The clematis are blooming steady now and the tiger lily are just about to pop! With this abundant canopy overhead and thick green growing faster throughout the forest floor.. It feels like a giant hug from nature. Lets all hug back and get out and enjoy the precious beauty with our families and friends. Take a hike..have a picnic..get together at the lake..and fish fish fish..or just dedicate a lazy day by the creek, catching crawdads (of course for fun and bait) I'm all about that fishing!! My kayak is thirsty for water..and my paddle just may float away without me...NOT ANYMORE.. Soon, the normal again will be kayaks in the truck at all times~unless in the water..lol. Hope to see you paddlin' .or hear about you...enjoying the birds..the critters and the solitude I'm especially enjoying the. Red Tanager this year!

Memorial Day marks the opening of SWIMMING POOLS EVERYWHERE!! Jump in!

For those of you filling up your above ground pool with spring fed water(around here it can be heavy in minerals/brown orange) if you run your water through a five gallon bucket of polyfil(stuffing) It filters that out...

PS: you can clean it out of the pool that way too!! Research it! I know for a fact IT WORKS!! Bring on the floaties and then bring back family game night!

I can't seem to figure out if something is missing now days or if there is just too much unnecessary information being pushed at all of us...but the generations of change are showing up in our childrens' actions...

Please hold your kids close..KNOW THEY ARE SAFE ..know who they are with..get off your duff and show them something REAL..make crafts or soap.. catch fish for fun.. Garden for food.. Show them how to be a part of nature and the old ways of TRULY Living! Family is important and time has to be made NOW..let's get together and enjoy it!! The world keeps changing...Decide to be the change for a better slower childhood for all!

Keep it simple folks... Imagine being a child of this generation...OVERWHELMING flooded with an infinity of standards, from strangers who don't know you, and that matters...do we really need strangers telling our kids or us for that matter....actually do we want strangers telling our kids random anything? Think about that..think about technology...where are your kids? Who are they listening too? What are they learning and is it necessary ? Spark their purpose..inspire their faith..and dream on .

Have faith and try a little: Be good~do good~feel good.

It matters how we treat each other..in a small town we know that and it shows!

Old ways...modern world....turn back time..and keep Slow Town SLOW FOR ALL OF US....AND OUR FUTURE!

The spirit of love lives on in Winslow.

.Let's keep it alive!!

Many thanks to ALL of you behind the scenes..Truly...

THANK YOU...

ANONYMOUSLY WITH LOVE

Faithful

Revelation 2:10

Fear none of those things which thou shalt suffer: behold, the devil shall cast some of you into prison, that ye may be tried; and ye shall have tribulation ten days: be thou faithful unto death, and I will give thee a crown of life.

John 9:4

I must work the works of him that sent me, while it is day: the night cometh, when no man can work.

While we are touting through music and verbiage, the faithfulness of God, which gets everyone a feel-good feeling, our world is morally, mentally and physically collapsing around us. Jesus taught us very pacifically not to let that happen. Our faithfulness to Christ commandments is very obviously not happening. We can sing and talk of his faithfulness all we want but, in the end, it will be our faithfulness to him that will mean the difference between Heaven or Hell. I'm not hearing much about the importance of "our" faithfulness to the Father. In song, music or verbiage.

Everyone is happy as long as everything is in their own personal comfort zone as to what they choose to believe, what they enjoy doing and who they enjoy being with, however when it comes to getting out of their comfort zone to do what Jesus taught verbally and by action, then the hem hawing, excuses and hesitation starts. Jesus wasn't in his comfort zone while here on this earth. The children of Israel would have never left Egypt if Moses had not been faithful to God and what he was told to do and if they had not been willing to get out of their comfort zone and follow him. I could go on and on but you've read it or can read it and if you haven't you should. Jesus died to save us for a reason and I do not believe it was just so we could go to our favorite Church to fellowship with good friends and hear our favorite music, our favorite sermons and leave to do our favorite things that we enjoy doing the rest of the week.

I believe there will be a "Judgment" day. I believe you and I will be there to answer for "Our" own personal actions.

I'm Wesley Wood,

YOU THINK ABOUT THAT!

WINSLOW AREA CHURCHES INVITE YOU TO ATTEND THE CHURCH OF YOUR CHOICE
