Saturday Morning, March 18, 2017 from 9:00 - 12:00.

Winslow, Arkansas

Help Winslow celebrate Arbor Day by joining us to plant native tree seedlings in Tunnel Park! Volunteers removed kudzu tubers from a hillside at the park in December and prepped the area to be replanted in oaks, hickories, and other native tree species. Now it's time to plant and reclaim this area for the forest! Come and help us as we work together to plant trees and celebrate Arbor Day - Saturday morning, March 18, from 9:00 - 12:00. We will be handing out free native tree seedlings to Winslow-area residents, and at 11:00, Mayor Jarnagan will read an Arbor Day Proclamation. Winslow Community Center Association

By Tanya Farris

Can y'all believe it's MARCH? Don't know about you, but I can sure get behind winters like we've had in 2016/2017! It's time to get those gardens ready for planting.

There is still a lot happening at the community center. FIRST - RE-MEMBER that the 1st Saturday of each month is CLEAN UP day. Volunteers are always needed. Brush still needs clearing, there's still painting and maintenance that needs attention in the Rock Building, gymnasium and cafeteria. And a host of other chores to be determined. Your help and volunteer time is always appreciated. Be sure and sign in at the WCCA office at 9 AM. Every hour you volunteer goes towards matching funds grants, so you're not just giving time – you're giving MONEY!

Membership applications and membership cards will be happening in the WCCA office on March 4th from 9 AM -1 PM as well. Speaking of the gym/cafeteria – Thanks to the endless hours of donated time from Boone Holt, Rick Reed, Marsha Reed, Zac Simpson and many others – WE HAVE ELECTRICITY BACK ON!!! If you see these amazing, generous folks around the community – give them your appreciation.

Upcoming events include March 4th Clean Up Day; March 13th Beekeeping with Brad Keck; March 16th – Adult Art Class with Courtney Dold; March 21st Monthly Board Meeting and March 28th Pillowcase Project with the American Red Cross.

We are trying to organize our next fundraisers – any ideas for a spring event in May would be appreciated. Contact Tanya, Beverly or any board member or reach out to us on Facebook and share your thoughts!

We're also considering a community center garage sale for the last weekend in March or the first weekend in April. If you have any items that you would like to donate for this endeavor, again contact Tanya, Beverly or any board member.

Last, the Winslow Community Center Association would like to thank the amazing folks from the Winfest Music Festival for their generous support of our organization. Winfest's support of our local non-profits gives huge boosts to our small community.

For me and me alone, she hung on to life as long as she possibly could, for her time zone was coming to a close. We said our good-byes to each other and I knew that she knew. I held her limp body in my arms and carried her to her final resting place. Born in Winslow, her spirit now roams freely thru'-out the valley. I do so miss that which could not speak, yet I was so blessed having known her for almost thirteen years. Her birthday, March 17th, she would never reach.

The wind, she does so howl through-out the valley. Above the creek, the eagle soars with outspread wings, and a red-tail hawk perches upon an old abandoned electric pole. I sit upon the broken-down stump and I reminisce of the good sweet memories of my little angel that loved with no stipulations.

Winter, will it linger? Spring lurks in the shadows ready at any given moment to explode upon humanity! Only within my heart do I grieve; the tears are nevermore. Memories fade away and so shall I and my spirit shall join hers and we shall roam the land once more together. "Ah", a grown man forming some type of bond with a four-legged creature, I must have lost my sanity! Loving from within is my 'issue.' Yet some beauty can never be replaced, not forgotten.

Springtime, I await your arrival, wild flowers dotting the landscape, the sun a golden hue on the horizon, the creeks I feel obligated to fly-fish, filling up with the intensity of the rains, fire on the mountain-yellow ochre and burnt umber, the sap greens, awaiting the canvas, all of this some sort of reverence; I can only attempt to understand its allure! The grasses covering the nakedness of the forest floor, Saplings nothing but youngsters growing alongside their huge rising parents. The animals of the forest are once again frolicking in the warmth of the daylight.

No real good-byes, my best friend - she waits, in the shadows of but another existence of spiritual beauty. All of us are somehow related and all of us possess a spirit, even the plants, trees, flowers and grasses of the earth. Irrational possibility? Maybe, maybe not.... Life and death, think about it. Which one scares you the most?

The Original 'Second Opinion' Doctor's Report

DYSLEXIA

Simple Home Screening Test

An often overlooked cause of learning disability in children and adults is a failure to organize right and left hemispheres of the brain. That happens when infants don't go through the normal crawling phase of development. Crawling is necessary for the neural patterning that normal development demands. Then neural organization will continue to the next stage of the child pulling up to a standing position when she/he is ready. Children should not be forced to stand or walk.

To home test, parents should watch to see if the "cross-crawl" pattern is used when their small children and their older children walk. What is a normal cross-crawl pattern? If the left leg and the right arm swing forward together, followed by the right leg and the left arm swinging forward together, it's normal.

If that pattern is not fully present, it means a poor cross-crawl pattern and indicates some level of diminished neural organization, resulting in some level, mild or severe, of confusion in brain/body function. When serious, it is known as Dyslexia.

In cases of learning disability, doctors of chiropractic and patients are often able to achieve good results with a program of specific neural support, including 1) chiropractic adjustment, 2) supportive nutrition, 3) acupuncture pressure points and, 4) coordination exercises to do at home to help move the case forward.

Gallery Opening with Denice Nicholson

Saturday, March 11 at 7 PM - 9 PM

Join us for a gallery opening reception with Fayetteville artist Denice Rose Nicholson. Denice will showcase her fabric based mixed media art. Through many years of trial and error experimenting Denice has developed her own technique, similar to traditional batik, that involves adding layer upon layer of color, using wax-resist for some elements and freehand dyeing for particular effects. Hardened wax is frozen then strategically cracked to allow dyes to infiltrate, creating textures, color juxtapositions and impressionistic inferences of form and space to reveal an ethereal, dream-like perception of our mysterious world.

Denice's work will be on sale through March and will be available for purchase.

Refreshments provided.

Hands on Mushroom Growing Class with John Collier

Saturday, April 1 at 10 AM - 12 PM

Grow your own gourmet mushrooms in your woods

It's fun and easy to cultivate edible mushrooms using logs and stumps, in the moist shade of your wooded property. In this hands-on workshop with Winslow resident and mushroom aficionado John Collier, you will not only learn how to cultivate the mushrooms, but you'll actually do it! Each participant will receive a small oak log to work with and we'll go through the whole process of drilling, plugging, and waxing. You will have enough plugs to do your in-class log, along with extra plugs and wax to take home with you. We'll use shiitake plugs in this workshop, as they are particularly easy to grow. You'll learn about others varieties you can grow and receive information on where to buy plug spawn.

Class is limited to 20 participants. Cost is only \$30 and includes all supplies and instruction, enough to get you started on your own home grown delicious mushroom adventure!

If you are interested in this class, please call Ozark Folkways to purchase your tickets. All tickets must be purchased prior to the workshop and the number is limited, so call today!

Wet Felting for Kids and Adults

Saturday, April 8 at 10 AM - 2 PM

Join fabric artist Kathy Sparks for a fun-filled class creating colorful multi layered felted art pieces from colorful wool fibers. Anyone who has ever taken this class knows what a lively instructor Kathy is and this class is sure to fill up fast!

Once again, Kathy will teach us the basics of wet felting (also called 'soft felting') to create a colorful, wool art project. We will learn how to create a small wall hanging or piece of fabric which can then be sewn into clothing. This year we will felt to the tunes of Van Morrison on the boom box!

Cost is \$15 per person, and includes lunch. Participants will take home a one of a kind piece of fiber art. Class is limited to 15 people, kids and adults eight and older, so pre-registration and payment is required. To sign up, just call Ozark Folkways at 479-634-3791, or pay via paypal on the website.

YOU THINK ABOUT THAT

Greek, Hebrew Intimidation

Ever have someone try to convince you a scripture doesn't mean what you think by claiming it comes from Greek/Hebrew words that change the meaning? Number one, the Bible is to be believed by Faith as the absolute authoritative word of God. Number two it is also to be believed by Faith that it is given to us by men inspired by God himself. And number three it was written to be understood by common men without need of some supposedly expert in the Greek/Hebrew language of two thousand years ago. So when someone starts using "we have to go back to the Greek/Hebrew" explaining a scripture; turn them off. If it's one on one, shut them down. That phrase is used for two reasons, 1. To tell you they are more intelligent than you. And 2. To intimidate you into believing they are above you in the Spiritual world so you will accept their philosophy. If they can convince you to join them, that equates to numbers and of course, numbers equates to the "Root Of All Evil" Money which is the incentive and bottom line for them. This causes confusion 1 Corinthians 14:33 and comes from the pits of Hell and is one of many reasons there is a Church of every corner with a different name. In my past articles I have written what God expects of you and won't repeat them here. If you're interested you can find them at winslowar.com under Within Winslow.

There will be a Judgment day and you will be there to answer for "Your" own personal actions. I'm Wesley Wood, YOU THINK ABOUT THAT! Checkout my new website www.godslastcall.net Click the links at the top and watch the videos. "I Survived A Late Term Abortion" a must see. Get the book "The Great Evangelical Disaster" by Francis A. Schaeffer written in 1984. Every Church member and professing believer need to read this book. You can get it on Amazon, hard copy or kindle. I challenge you to compare it to my video on youtube." GOD'S LAST CALL TO THE CHURCH OF THE UNITED STATES OF AMERICA"

Ask For The Heads Of The Little Foxes

As you emerge from your early morning waiting times in His Nearness, realize that the enemy is on the run already (whether you don't feel or see it), and his only recourse to stop a praying obedient believer out of the Secret Place is now to DELAY you in your daily mission.

Keep on the alert and very sensitive to the inner witness (green light velvety peaceful feeling inside) to which projects, people, emails, chores, errands, etc..., that you are about to engage in. Why? Because that "somebody" suddenly calling you could be a plant of the enemy to DISTRACT you onto a fruitless path/endeavor! The enemy is fiercely working behind the scenes to get you divided, distracted, disorganized. Notice the prefix here "di", which means two. All he has to do is get you in "two" paths simultaneously and thus slow you down and waste time that could be used for ABBA's perfect operational plan for your day! Pay sober attention to this and listen to the Holy Spirit within!

Look at this text from the bridal chamber Secret Place of the Master and His Bride.

"Catch for us the foxes, the little foxes that are ruining the vineyards. While our vineyards are in blossom." (Song of Solomon 2:15 NASB)

You have spent the first fruits of the morning with Him in His Secret Place and now you are beginning your day of earthly activity...don't get distracted by the little foxes who have come to prey on your new blossoming love for HIM!!!

Ask for the heads of these wiley foxes and steamroll forward to only follow HIS voice!
