Washington County Animal Shelter

RONALD #160035

My name is Ronald. I am a Domestic Longhair Cat, about 12 years old. I've been living at the Animal Shelter for over a month with my best friend, Harold. (Sigh) Harold just got adopted, but I am still waiting to find my forever home.

Some people don't like black cats, but I am a good boy, I PROMISE!

I've already been neutered, had all my shots, and I'm even micro chipped, so if I ever got lost, I could be returned to my Forever Family quickly.

I am sad that Harold found a Forever Home and I am still at the Shelter. Maybe it's because he is less shy than I am? But I would do anything to find MY Forever Home so I could snuggle up on a warm lap & get my ears rubbed. I just LOVE to get my ears rubbed.

Please come meet me at the Washington County Animal Shelter. I'd love to go home with you.

Meow.

The Cavern

By David Gesn ©14

In many ways the Indians possessed ideals concerning myths and legends right alongside the ancient Greeks. Both parties agreed on the philosophy of “immortals”; people of spirits explained as “superior beings”. A body of water such as a river, lake or ocean, played in the role of such belief. The Indians referred to the earth as “Mother” and the Greeks had the mythological female earth fertilized by the rain from a male heaven. Both had the belief of the great serpent”. This information may have played in real roles of both parties and /or purely myth and legend. Many ideals of both parties provided the “good and bad” of both cultures. Many adult Indians told children tales in order to show them the differences of good and evil. The Greeks told the tales for a psychological benefit often so needed by anyone that would listen to the “knowledge” for any psychological disorder they may possess, and/or needing some type of “hero-worship”. Both believed the earth to be circular, although the Greeks didn’t believe they could sail it because beyond any one point belonged strictly to the “immortals”. The Indians and Greeks both believed their own land was the center of the earth. Both believed in the “little people”. Though both had many differences in the concept, both believed everything on earth was somehow connected together.

By no means does what I have thus written mean the Greeks and Indians were related. Their concepts were maybe identical, some were mythical in nature. In one myth Zeus, the Greek god of the universe turns himself into a woodpecker. The Indians honored the woodpecker both in battle and in dance. There were many similarities, yet so many differences. For one, it was purely mythical, for the other a realistic belief.

Like the Greeks, the Indians believed in supernatural beings, super physical and invisible beings. Like the Chaldeans, they divided an interval of entities, The earth, heaven, clouds, the stars, and the House of lesser mysteries (Hades). The Greeks had similar ideas; each had messengers between the spirits of each plane of surface. Often, a river flowed between the dead and the living. The Egyptians and Greeks also had this idea in mind. The number 4 meant possibly the idea that the Creator made His universe in a square frame and the Pythagoreans had similar ideas paralleling the Indians concept.

Some philosophical views disagree that the American Indian believed in one god and/or one Spirit. They refer to the “plumed serpent” as a major concern, and the serpent was a messenger from the sun, much of that belief centers towards the Spanish people. Yet, there is evidence that prior to missionaries appearing on the scene many Indian tribes believed in a one, Great Spirit, though they did so honor the Great Serpent.

Philosophers and others often state the concerns of the sacred book referred to as Popol VUH in their explanations of the so-called non-existent theory of a one spirit existence. One has to remember that this theory correlates with the Spanish in Guatemala and the Popul VUH was created by an author associated with the Spanish. It was translated into French and published in 1861. The second book of the Popul VUH was done by the examples of rituals by the Quiche nation.

So, what we have is a tribute relating to Central and South American ideology, such as the beliefs of the Aztecs and the Incas. I agree that the American Indian and the South American tribes have indeed, a lot in common but yet so many differences also. The sacred book of the Popul VUH had equal differences and similarities of many other civilizations, including the Greeks and the Egyptians. It is stated that there is evidence of the similarities of Indian beliefs correlating both with Islamic beliefs and Solomon’s Temple. If it be the case that India beliefs go back as far as Solomon then there may exist a theory that the Indians did believe in one Great Spirit or one God.

Keyhole Gardening Demonstration

The Keyhole Gardening Demonstration at Devil’s Den State Park was so well received it will be presented once a month for the next two or three months. The next one will be on Monday (Spring Break) March 21 at 2:00 PM.

Rain Garden Workshop

Saturday, March 19th
Devil's Den State Park

A/V Room at the Visitor's Center
2:00 p.m.

What is a Rain Garden?

Rain gardens are landscaped depressions that collect rainfall from a roof, paved area or yard. These bowl-shaped gardens are designed to capture stormwater runoff and allow it slowly to percolate into the soil,

recharging groundwater and removing stormwater pollutants. The garden's flat bottom helps distribute rain water evenly across the planted area. Topsoil amended with compost and sand allows the water to slowly soak into the ground within a few days so there is no standing water to breed mosquitoes.

Did you
know??

Every 1-inch of rainfall generates over 600 gallons of water across a 1,000 sq.ft. roof!

Learn how to capture that free water in a beautiful **rain garden**.

Winslow Museum News

The Winslow Museum is working on several projects at this time and would like to urge the community to get involved and make them a success. The museum members meet the last Thursday of each month at 5:00 pm at Winslow City Hall.

Beverly Simpson is working with Chris Engholm on the Still Standing Exhibition. This is a Story and Photography exhibit of Vernacular Structures still in existence in the Arkansas Ozarks. It will open at the Compton Gallery in Bentonville on March 11. It will be at Ozark Folkways in Winslow on May 7. This exhibit will travel to several other venues yet to be announced. For more information, call the museum at 479-634-3091 or check "Still Standing" on Facebook.

We are planning the 1st Annual Winslow History Day. It is our plan for this to be an annual event and each year cover a different time period of Winslow History. This (the 1st one) will cover the years of 1905 – 1930. This was from the time Winslow was incorporated as a town and includes its "hay day" of the resort era. We are planning on having music, dramas, games for the kids, demonstrations of skills and goods for sale of everyday life of the era. Examples would be spinning, quilting, carving, lemonade stand, Dutch oven cooking, ice cream social, etc. We are asking for organizations and individuals to join us and take this opportunity to show off the skills of your ancestors and make some money for your organization. If you can't think of a skill or demonstration, consider a food concession (we would like for it to be something that was popular during that era). If you or your organization would like to participate please fill out the Application for Participation found in Within Winslow or pick one up at city hall. If you have questions please contact Renee or Beverly at the museum 479-634-3091.

Winslow Community Center Association

By Tanya Farris

As most are aware, the Winslow Community Center Association and the community of Winslow suffered an unexpected and heart-breaking loss, when our friend and associate Gary Simpson died suddenly from cancer. The WCCA is determined to continue forward with Gary's vision of a community center that serves this community by obtaining, rebuilding and repurposing the school property. The Board will meet soon to address the open board seat and the officer seat left vacant. For the foreseeable future, Jerry Bromley will be acting President.

In January I sent the following message to the Attorney General using her online form:

I am the public relations representative for the Winslow Community Center Association (WCCA). This association was formed for the express purpose of obtaining the abandoned property that was formally the Winslow Schools. This property has been out of use since 2005 and every day that it remains empty it becomes more dangerous and more of an eyesore for our community.

For well over a year, the WCCA has worked with the Greenland School District (the District) to take possession of the property. The District has determined that in order to get this property back into a condition that it can be used by them for educational purposes will cost in excess of \$3M. Obviously, if the District had \$3M to spend on improving school property, they would NOT find it cost efficient to spend those dollars in Winslow. Our population is dwindling and our children are receiving better education from the school districts that they are now attending (Greenland, West Fork and Mountainburg).

The property sits on Highway 71, surrounded by homes. These neighbors are suffering property value decline as this facility deteriorates daily. Additionally, the District is spending money to insure the property and cover any tax obligations. This is money the District can better use elsewhere.

The history of the property is extensive. Generations of Winslow residents attended school there and it is heartbreaking to see the results of the neglect. When the two school districts were merged, Greenland School District did not spend a single dime on the acquisition of the property. As a matter of fact, most of the property that the facility occupies was donated to the Winslow School District over decades by residents of Winslow.

This is a simple matter. The property needs to be returned to the community for the purpose of a Community Center. Our vision is a place that is safe for students to come after school. A place for recreation and for tutoring. A central place for our community to utilize for a variety of programs not limited to the youth but to include our aging population as well.

It is my understanding that this issue is before you and is awaiting a decision. As an active member of the community, I would like to

know and share with my neighbors what the delay is in your making a decision.

This issue may seem insignificant to you, but our small community lost one of its cohesive values when the schools closed. Reopening it as a community center will be a boon to our community that has very little holding it together. Please consider this when prioritizing the many things that you have before you.

Sincerely,

Tanya Miller Farris

STATE OF ARKANSAS
ATTORNEY GENERAL
LESLIE RUTLEDGE

Dear Ms. Farris,

Thank you for contacting the Office of the Arkansas Attorney General to inquire about the status of an opinion request received in this office on August 19, 2015, regarding the proposed donation of certain abandoned property held by the Greenland School District to the Winslow Community Center Association (WCCA).

Please be advised that the above referenced opinion request has been assigned to an attorney who is currently researching the proposed transfer of property. This is a significant legal issue that will likely affect other school districts across the State, requiring vigilant consideration of all the relevant surrounding facts and circumstances. I cannot, at this time, provide a specific publication date for the instant opinion request.

If you would like to receive a hard copy, or an electronic or fax transmission of that opinion on the date of issuance, please forward the appropriate contact information to the Opinions Department at (501) 682-5086, (501) 682-8162 fax, or Cheryl.hall@arkansasag.gov.

Sincerely,

Leslie Rutledge

RECALL NOTICE:

The Maker of all human beings (GOD) is recalling all units manufactured, regardless of make or year, due to a serious defect in the primary and central component of the heart.

This is due to a malfunction in the original prototype units code named Adam and Eve, resulting in the reproduction of the same defect in all subsequent units.

This defect has been identified as "Subsequential Internal Non-morality," more commonly known as S.I.N., as it is primarily expressed.

Some of the symptoms include:

1. Loss of direction
2. Foul vocal emissions
3. Amnesia of origin
4. Lack of peace and joy
5. Selfish or violent behavior
6. Depression or confusion
7. Fearfulness
8. Idolatry
9. Rebellion

The Manufacturer, who is neither liable nor at fault for this defect, is providing factory-authorized repair and service free of charge to correct this defect.

The Repair Technician, JESUS, has most generously offered to bear the entire burden of the staggering cost of these repairs. There is no additional fee required.

The number to call for repair in all areas is:
P-R-A-Y-E-R.

Once connected, please upload your burden of SIN through the REPENTANCE procedure.

Next, download ATONEMENT from the Repair Technician, Jesus, into the heart component.

No matter how big or small the SIN defect is, Jesus will replace it with:

1. Love
2. Joy
3. Peace
4. Patience
5. Kindness
6. Goodness
7. Faithfulness
8. Gentleness
9. Self control

Please see the operating manual, the B.I.B.L.E. (BEST Instructions Before Leaving Earth) for further details on the use of these fixes.

WARNING: Continuing to operate the human being unit without correction voids any manufacturer warranties, exposing the unit to

dangers and problems too numerous to list, and will result in the human unit being permanently impounded. For free emergency service, call on Jesus.

DANGER: The human being units not responding to this recall action will have to be scrapped in the furnace. The SIN defect will not be permitted to enter Heaven so as to prevent contamination of that facility. Thank you for your attention!

- GOD

If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.

2 Chronicles 7:14 (KJVP)

When you was born you were crying and everyone around you was smiling, live your life so that when you die, you are smiling and everyone around you is crying!!!

P.S.. Please assist where possible by notifying others of this important recall notice, and you may contact the Father any time by **'Knee mail'**!

Because HE Lives!

YOU THINK ABOUT THAT

By Wesley Wood

GOD IS LOOKING FOR A FEW GOOD MEN

Genesis 3:22 And the Lord God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever:

And thus began the forces of "Good" and "Evil". The Bible teaches God is the "Good" and the Devil, Satan is the "Evil" These two forces have been at war since the fall of Man and still are in our society. Ezekiel 22:30 And I sought for a man among them, that should make up the hedge, and stand in the gap before me for the land, that I should not destroy it: but I found none.

"Good" and "Evil" is ever present in our society today and Jesus set the Church to lead the fight for "Good" and to do that the members, the believers must get involved as an influence for "Good" in the activities of their community, State and Country. And to do that you must be involved in politics no manner how great or how small. It perplexes me to see professed believers, Pastors, Ministers of the Gospel refuse to get involved. The result, "Evil" is winning. Jesus was involved in politics and his community. If you can't understand that by reading the four Gospels then you can't read. Matthew 7:21 Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven.

There is a judgment day coming folks and everyone will give an account of how their deeds measure up to God's word and his Laws. Yes, God is mad at the Church. That will be next month's article. Look for it. I'm Wesley Wood, YOU THINK ABOUT THAT! Checkout my new website www.godslastcall.net
