## "Comedy Corner"

By David Gesn (c) 2013

"Yes" I'm getting older, noise bothers me, more so Crazy People bother me. I won't speak too ill of them - but, it would not be any worse than sitting under a pine tree in a lightning storm! Mark Twain was correct: *"God invented man because He was disappointed in the monkey!"* ALTHOUGH--

My mind seems to wander at different intervals. I converse with my dog, but she usually just gets up and walks away!

*"A man gave his wife a million dollars and told her to go out and spend \$1,000 a day. She did and came back in three years to tell him the money was all gone and she wanted more. So, he gave her a billion dollars with the same instructions and she didn't come back for 3,000 years"* Well that had absolutely nothing to do with anything; my mind goes back and forth!

Had I known that one day I might cross that "thin line" everyone walks in Life, sooner or later, I might have better prepared myself for it! Now, I'm at the idea that hindsight is nothing more than "a fat lady in a bikini" Well, I better go now, I'm tired and it takes me longer to fall asleep, because I forget I can...

I'm also a guest on this blog. Legends and Outlaws and other stuff. <http://lindajoycecontemplates.wordpress.com/>

This interview got more comments than any I've done lately. Linda did a great job getting it set up. Her questions got me to thinking sideways. I appreciate the comments. I hope you fall in love with Wilda's Outlaw. I'm working on the second book in the series now. Her sister Rowena has quite a challenge in Blair Prescott.

## "Coming Home to the Mountain! -An Evening With "Crow Johnson" and "Still on the Hill"

WHEN: May 4, 2013 @ 7:00 pm – 9:00 pm

WHERE: Ozark Folkways

COST: \$10/ 12 and under free!

CONTACT: Rebecca Buchanan /479-634-3791  
Director Ozark Folkways

Hey Everyone,

I thought I would give you the background story on Crow Johnson's coming home concert, with Still on the Hill, May 4th, 2013 at Ozark Folkways in Winslow.

Crow has been in retirement for several years. She and her husband have been taking care of both their parents at their home in Gravette, Arkansas.

Crow told me a year or so ago, that someday when she was ready to come out of retirement, she was going to buy a red dress and sing again. I asked her if she would sing at Ozark Folkways, and she sheepishly agreed.

That was about the time we were seeking funds to build our outdoor stage. I decided at that time, that we would name the stage in the woods, "Crow's Nest".

About a year later, Crow told me she was ready to play. I told her that Ozark Folkways would take care of her red outfit, if she would sing for us in May.

Judith and Daniel Levine of Fayetteville, are great supporters of Ozark Folkways. Judith is also a clothes designer with a graduate degree from a prestigious design school in Paris, France. She agreed to design something red for Crow. Long story short, they are in the process of fitting her for her new outfit for the first outdoor concert May 4th!

We invite everyone to Come out and enjoy the family show with Crow and Still on the Hill -our FIRST on our new outdoor stage in the woods!

My Best,

Rebecca Buchanan

## Book Review:

Every month new books arrive at our library. Mystery and suspense writers are very popular. This month new books by Harlan Coben and Robert Crais arrived.

Harlan Coben has written a tale of obsession with a past love who married another man and disappeared from his life. To his surprise six years later he saw the obituary of the husband and attended the funeral to get a peek at his ex-girlfriend. He found to his horror the widow was not his ex-girlfriend. The professor's search gives the reader a page turning experience.

Robert Crais has been writing novels of crime for decades. SUSPECT, his latest book, may be his best novel yet. An LAPD cop survived a shocking attack that killed his partner and injured him, leaving him with post-traumatic stress and unable to work. His new partner also suffered stress in the Iraq war and they are each other's last hope: Maggie is a dog and the two of them investigate a most interesting case.

If either book is not here, it is being read by another patron, just ask us to place a hold and we will call you when the book comes in.

Pam and Jean

## Friends of the Winslow Library News

We are sorry to say that as of April 1st the Computer Cafe has been permanently Closed. The sins of the few has hurt the innocent. But there will other things to come.

50/50 drawing is being extended. The tickets and Jar are at the library. Buy a ticket for a dollar and possibly win half the money.

Huge book sale is still going on at the library. There are free books and 10 for a dollar. Inside the book store fill a bag for \$2.00 on designated shelves.

We have been working hard to get the book store cleaned up and a new selection of books put in.

We are no longer taking big donations of books but small ones are welcome.

We will be coming up with different fund raisers and fun things to do.

Please come and enjoy your library.

# MIGRAINES, HEADACHES, AND HORMONES

By Pam Kugel; resource Web MD

Headaches in women, particularly migraines, have been related to changes in the levels of the female hormone estrogen during a woman's menstrual cycle. Estrogen levels drop immediately before the start of the menstrual flow.

Premenstrual migraines regularly occur during or after the time when the female hormones, estrogen and progesterone decrease to their lowest levels.

Migraine attacks typically disappear during pregnancy. In one study, %64 of women who described a menstrual link to their headaches noted that their headaches disappeared during pregnancy. However, some women have reported the initial onset of migraines during the first trimester of pregnancy, with disappearance of their headaches after the third month of pregnancy.

### What triggers hormonal migraines in women?

Birth control pills as well as hormone replacement therapy during menopause have been recognized as migraine triggers in some women. As early as 1966, investigators noted that migraines can become more severe in women taking birth control pills, especially those containing high doses of estrogen.

The frequency of side effects, such as headache, decreased in those who took birth control pills containing lower doses of estrogen and did not occur in those who took birth control pills containing progesterone.

### What are the treatment options for menstrual migraines?

The medications of choice to stop a menstrual migraine are non steroidal anti inflammatory medications (NSAIDS).

The NSAIDS most often used for menstrual migraines:

Orudis, Advil and Motrin, Naalfon, Naprosyn, Relafen,

Nsaid treatment should be started two to three days before the menstrual period starts and continued until the period ends.

Because the therapy is of short duration, the risk of gastrointestinal side effects is limited.

For people who have sever menstrual migraines or who want to continue taking their birth control pills, doctors recommend taking a NSAID, starting on the 19th day of the cycle and continuing through the second day of the next cycle.

Other drugs that me be used are given by prescription only. They include: Small does of ergotamine drugs (including Bellergal-s, Cafergot, Migranal)

Beta-blocker drugs such as propranolol

Anti convalescents such as valproate (Depadote)

Calcium channel blockers such as verapamil

The drugs should also be started two to three days pre-menses, and continued throughout the menstrual flow.

Because fluid retention is often associated with a woman's period, diuretics have been used to prevent menstrual migraines.

Some doctors may recommend limiting salt-intake immediately before the start of menses.

Lupron is a drug that affects hormone levels and is used only when all other treatment methods have been tried and have been unsuccessful.

# FEAR THOU NOT; ISAIAH 41:10

By Pastor Jim Kugel

"FEAR THOU NOT; FOR I AM WITH THEE: BE NOT DISMAYED; FOR I AM THY GOD: I WILL STRENGTHEN THEE; YEA, I WILL HELP THEE; YEA, I WILL UPHOLD THEE WITH THE RIGHT HAND OF MY RIGHTEOUSNESS."

Isaiah 41:10

This text anticipates our needs, meets us in anxiety and brings assurance; moves us from fear to faith.

What God wants to do for His children:

If you are a Christian, God wants you to be blessed.

He longs to exchange His peace for your pain.

God wants to trade His fellowship for your fears.

Fear thou not for I am with thee.

Fear stalks us all.

THE FOUR BASIC FEARS:

1. Fear of Death
2. Fear of Failure.
3. Fear of losing security
4. Fear of the future

God answers all of these fears:

1. DEATH: "to die is gain" ( Philippians 1:21)
2. FAILURE: " I can do all things... (Philippians 4:13)
3. SECURITY: " My God shall supply all your needs" (Philippians 4:19)
4. FUTURE: Lo I am with you always ( Matthew 28:20)

Our Lord will never leave us nor forsake us. (Hebrews 13:5-6)

God wants to trade His comfort for your confusion:"Be not dismayed for I am thy God"

Dismay; "Why did this happen to me"?

Confusion: "I can't understand why God allows trials".

God wants to trade His strength for your weakness: "I will strengthen thee".

Consider His strength (Isaiah. 40: 28-31)

God never becomes weary, never feels faint, He imparts strength to those he loves.

God wants to trade His help for your helplessness.

"I will help thee":

Sometimes all we can do is cry for help. Reach out to Jesus, He's reaching out to you.

God wants to trade His righteousness for your rage.

Our righteousness is like filthy rags. (Isaiah. 64.6)

Jesus has made righteousness available through faith. He took our sins upon himself. We receive His righteousness by faith (2 Corinthians 5:21).

Christ the Son of His right hand, (Acts 7:55, Hebrews 10:12), intercedes for us there. (Hebrews 7:25 1 John 2:1.)

Come and exchange your problems for Gods solutions. God is sufficient for all your needs.

## A Florida Court Sets Atheist Holy Day!

Gotta love this Judge!

A proper decision by the courts... for a change.

In Florida , an atheist created a case against Easter and Passover Holy days. He hired an attorney to bring a discrimination case against Christians and Jews and observances of their holy days. The argument was that it was unfair that atheists had no such recognized days.

The case was brought before a judge. After listening to the passionate presentation by the lawyer, the judge banged his gavel declaring, "Case dismissed!"

The lawyer immediately stood and objecting to the ruling saying, "Your honor, How can you possibly dismiss this case? The Christians have Christmas, Easter and others. The Jews have Passover, Yom Kippur and Hanukkah, yet my client and all other atheists have no such holidays..."

The judge leaned forward in his chair saying, "But you do. Your client, counselor, is woefully ignorant."

The lawyer said, " Your Honor, we are unaware of any special observance or holiday for atheists."

The judge said, "The calendar says April 1st is April Fool's Day. Psalm 14:1 states: *'The fool says in his heart, there is no God.'*

Thus, it is the opinion of this court, that, if your client says there is no God, then he is a fool. Therefore, April 1st is his day.

Court is adjourned..."

You gotta love a Judge that knows his scripture!
