This fall festival on October 29th from 2 P.M to 6 PM will have something for everyone and everyone in the community is invited to come out and participate. Bring your family and friends! Let's make this our biggest, most successful fund-raiser yet, while at the same time beginning a new tradition of celebrating community.

Games, bingo, plinko, a cake walk, raffle prizes, face painting, chili and cornbread supper, and so much more.

2 area bluegrass bands and a Charley Pride tribute musician will provide the entertainment!

Tickets for all events will be sold "at the gate" and at a price so the entire family can afford the fun and contribute to the fundraiser.

Pricing TBA as soon as we work out those details! All events and activities are subject to change!

## Winslow School Belongs to Winslow

Winslow Community Center Association – October News

Happy to announce that the Greenland School District voted 5-0 in favor of relinquishing the school property to the City of Winslow. Many issues must be addressed before we have all the information and can answer your questions. Stay tuned!

Thanks to everyone for the support and the patience. This process has been long and arduous with many ups and downs. Thanks to the Board Members and volunteers and generous donations. A special shout out to our dear friend Gary Simpson whose ram-rod determination is what got the ball rolling. He will always be missed.

We'll be lining up volunteers and of course looking for more donations. Keep up on Facebook.

We are just so proud to say the City of Winslow has regained the school property and the Winslow Community Center is one GI-ANT step closer to becoming a reality.

Y'all get READY! Rumor has it the "deed" is done!

## WCM WILL HOLD ANNUAL ELECTION

Winslow Community Meals will hold its Annual Board Meeting and Election on Monday, October 10, 2016 at 6:00 PM at the Community Meals Building.

The program is desperately in need of new Board members, Volunteers and people interested in the future of the Meals program. This is not a federally subsidized program. It is run and funded by our community and persons interested in Winslow. It is not strictly for the Seniors of the community, anyone can stop by at noon and for a donation of \$4.00 eat a delicious lunch.

We encourage everyone to come to the meeting, tour the facility, and see what all is offered.

It would be great if some of the "younger" generation could become involved. Many of our current volunteers are getting on the back side of their 60's and 70's and could use some help. Meals is also looking for a substitute cook to step in when Michelle needs to be out. This will be a paid position. Contact Michelle at 479-634-2800 between 8:00 AM and 12:30 PM

## WCM Musical / Auction A Success

Jimmy and Brook Moore for providing the smoked meat and fixings.

Michelle Bromley for her hard work.

For all the volunteers

For all the donated pies or items.

For everyone that came out and supported us.

We raised \$1785.00. We could not have done it without everyone's support.

THANK YOU!!!!

## WINSLOW PRIDE SAYS, “LET’S CLEAN UP.”

Let’s get out that Winslow Pride and clean up what we have acquired.

Over a year ago we posted pictures of the vandalism and damage that has befallen the buildings. People wanted to "work". To "help". We were asked "Can we just go up there and start cleaning?" We asked you to hold off.

Well. No. More. Our first official clean-up day is Saturday - October 8th at 9 a.m. We will be focusing on the grounds around the rock building and the gymnasium and, depending on the number of volunteers that show up, we'll keep going as long as we can.

What should you bring?

Brooms  
Dust pans  
Rakes  
Pruning shears  
Lopping shears  
Garbage bags  
Gloves  
Dust masks  
Protective Eye gear

We could use a couple of folks with chain saws (and the ability to run them!).

All this hard work is preparing for our "1st Annual Winslow Community Center Fall Festival" that will be happening on October 29th!

What will you get?

We'll have some food - breakfast and lunch - & beverages plus plenty of enthusiasm and a community center the entire state will envy!

Mark your calendars - Saturday, October 8th @ 9 AM. - until we stop!

***ROSES & THISTLES***

Sending Michelle Bromley a big bouquet of Roses for all the great meals she cooks down at Winslow Community Meals and all the extra things she does to help keep it going!

ROSES: Winslow Community Meals would like to thank Bunyard Church and Winslow Methodist Church for their support.

# Winslow Embraces Healthy Forests for Array of Benefits

By Ken Stout

Beaver Watershed Alliance (BWA) was recently awarded an Urban & Community Forestry Assistance Grant made possible by the Arkansas Forestry Commission's Urban Forestry Program and the U. S. Forest Service to foster stewardship of Northwest Arkansas' urban forests and to enhance the character, economic viability, and environmental resilience of the region's communities.

Winslow has embraced the importance of forested lands for their multiple benefits to the community, our environment, and regional drinking water supply. The city of Winslow is working to achieve Tree City USA status to celebrate and support healthy forests and resilient communities. One such measure to achieve this status is to proclaim Arbor Day, and plant a tree. Mayor Randy Jarnagan has proclaimed August 24th as Arbor Day and Winslow and will conduct a tree planting at 4:30 p.m. at Slicker Park, which is located on Highway 71 South in the beautiful town of Winslow.

Forested land in the Beaver Lake Watershed currently accounts for 71% of the land cover, but is anticipated to decline by 10% over the next 35 years as it is replaced by urban areas to accommodate the region's growing population. Working with communities and landowners now to promote benefits of

forestry will assist thoughtful growth and retention of forested land in the future. Healthy forests benefit long term water quality of surface water drinking supplies, increase the health and economic vitality of communities, and provide habitat for wildlife as well as many other ecosystem services.

Jennifer Ogle, Program Coordinator for BWA, stated, "One of the best forestry practices for communities and private landowners is to learn more about the benefits offered by healthy forests and management considerations involved with achieving their goals."

The Beaver Watershed Alliance is formed of a diverse stakeholder group representing agricultural, recreation, conservation, water utility, business, and private landowner perspectives who all work together for the benefit of Beaver Lake and its watershed. The Beaver Watershed Alliance offers its programs to all eligible persons regardless of race, color, sex, gender identity, sexual orientation, national origin, religion, age, disability, marital or veteran status, genetic information, or any other legally protected status, and is an Affirmative Action/Equal Opportunity Employer. To learn more about BWA, best management practices for water quality, or how you can become involved in voluntary watershed protection go to [www.beaverwatershedalliance.org](http://www.beaverwatershedalliance.org) or contact BWA at 479-750-8007 or [info@beaverwatershedalliance.org](mailto:info@beaverwatershedalliance.org).

## Yet Another Misdiagnosis: Carpal Tunnel Syndrome

[http://search.aol.com/aol/search?enabled\\_terms=&s\\_it=client97\\_searchbox&q=Nerves+involved+in+carpel+syndrome](http://search.aol.com/aol/search?enabled_terms=&s_it=client97_searchbox&q=Nerves+involved+in+carpel+syndrome)

### Second Opinion

with Dr. Fred Allen Roberds

Over the years I have seen too many patients who have been mis-diagnosed with 'Carpal Tunnel Syndrome' (CTS). Of course, a mis-diagnosis results in the wrong treatment. In this case surgery.

Many thousands of patients have endured carpal tunnel surgery, the success rate of which, speaks for itself.

As long ago as the 1980's, the surgeon who invented the surgical procedure for CTS realized something was wrong. So, he persuaded volunteers with no history of CTS, to let him surgically open their wrists, insert metal rods into the carpal tunnel, the same size as the median nerve, to see how many rods it would take to cause the pain of 'carpal tunnel syndrome'. It took from 6 to 8 rods. That's plenty of room for one median nerve.

Realizing the carpal tunnel was not the problem, he next took 1000 carpal tunnel syndrome patients who were still disabled, after their carpal tunnel surgery, and created a new diagnosis and a new treatment for them.

With his new treatment 998 of those 1000 patients were pain free, no longer disabled, and could go back to work.

If you have already had the surgery, or you're considering it, you probably have Three Questions:

- 1)"How long does each treatment take,
- 2) how many treatments does it take, and
- 3) is it expensive"?

Three Answers:

- 1) "6-10 minutes from start to finish for each treatment.
- 2) 6 treatments or less.
- 3) No."

Imagine a procedure working so successfully 99.8 percent of the time, still being mostly unheard of, or ignored, more than 30 years later, and patients still having surgery.

If you have more questions, or you've had enough pain, please accept our offer:

A Complimentary Consultation and Evaluation, to determine your eligibility for this simple procedure. Call us at the number below, and thanks for reading Second Opinion.

## VELDA'S WORDS

By Velda Brotherton

Here's our library schedule for Oghma Creative Media authors: Wednesday, Oct. 12 we'll be at Lincoln from 3-5; Saturday, Oct. 15 we'll be in the Winslow Library from 2-4; Tuesday, Oct. 18 we'll be at Prairie Grove from 2-4.

Various local authors will be present including myself, Jerry Hogan, Richard Massey, Casey Cowan, publisher and Venessa Cerasale, Assistant.

I was recently privileged to interview Craig Johnson, author of the Longmire series. He has written over two dozen of these books and assists in the scripts for the television series with Netflix. Interviewing him on the phone was a real pleasure and he told me so much about his life on the Wyoming ranch where he does his writing, when he's not on the road with book signings.

To read the full story of my visit with Craig, look for the winter issue of Saddlebag Dispatches. It is free online or a print copy can be purchased through Amazon. This western magazine is crammed with short stories, historical non fiction tales of the west, outstanding photographs of the west.

This summer issue includes an interview with award winning author Jodi Thomas plus loads of stories both true and fiction about the west, both historical and contemporary. This issue includes photos of National Parks to honor that celebration.

For those who knew I was considering moving from Winslow, I have decided to stay here and right now my house is being renovated so I can continue to get around easily. I'm so grateful to my daughter and son-in-law for all their hard work to see that I can remain in my home.

## "THE LEAST OF THESE THRIFT SHOP"

The old Assembly of God Church thrift store has been renamed "The Least of These Thrift Shop". It is located in the old candle factory on Highway 71. The hours are Monday thru Saturday 9:00 A.M. to 5:00 P.M.

The store has expanded its assortment of goods into categories such as , sporting goods section, tool section, etc. Check with the ladies at the store to see what other sections they have completed. If you have no use for it and it's in working condition consider donating it so someone else can use it. They have a weather-proof outside storage area so you may drop things off anytime, even when they are not open,

How sure are you?

I apologize this article is so long but I feel it must to get my point across. The definitions are part of the reason but I feel they must be in here. Folks, we are in a major war "Good" against "Evil" and "Evil" is winning. We have to and we must change our strategy. Please read to the end.

I know my last article sparked some difference of opinion on the issue of forgiveness. Here are the definitions of the words "Know" and "Faith".

### DEFINITION OF KNOW:

To perceive or understand as fact or truth; to apprehend clearly and with certainty: I know the situation fully.

To have established or fixed in the mind or memory: to know a poem by heart; Do you know the way to the park from here?

To be cognizant or aware of: I know it.

Be acquainted with (a thing, place, person, etc.), as by sight, experience, or report: to know the mayor.

To understand from experience or attainment (usually followed by how before an infinitive): to know how to make gingerbread.

### DEFINITION OF FAITH:

confidence or trust in a person or thing: faith in another's ability.

belief that is not based on proof: He had faith that the hypothesis would be substantiated by fact.

belief in God or in the doctrines or teachings of religion: the firm faith of the Pilgrims.

belief in anything, as a code of ethics, standards of merit, etc.: to be of the same faith with someone concerning honesty.

a system of religious belief

Based on these definitions please tell me how you "Know" 1. The Bible is "True". 2. What you believe is "True" and 3. How you "Know" you're going to Heaven? Your emotions and how you feel in your mind or you can say "your Heart" are not evidence of "fact" about the "future". The "Future" defined as 1minute from now to 100 years and beyond. You can be 100% sure you know what you believe. However, you can only be 50% sure you are "correct" in what you believe. And yes, I'm only 50% sure there will be a Judgment day and you will be there to answer for "Your" own personal actions. You must decide on which side you will error. The author of the book I prescribe below points out the "Darwinist" in the early 20th century seen a day when "Faith" and "fact" would be separated because they knew when that happened

the "Absolutes" of the Bible would be obliterated. They did that by simply changing the language from "Faith" and "Believe" to "Know". That was before my time for from my first memory that is all I heard and understood. "I Know I'm a Christian" "I know I'm going to Heaven". No, you don't "Know". Faith and Fact has been separated and the intelligent people over the last 70 years who understand the English language and the definition of the word "Know" have picked the Church apart and people no longer believe in the "Absolutes" of the Bible. I heard on the radio 20 years ago Churchs debating the dilemma of their Young people going off to College and coming home convinced there is no God. I'm screaming thought the radio "it's simple, start teaching "Faith" and "Fact" not "Know" and "Knowledge". The young person gets to class and the professor asked "How do you Know there is a God" and the young person starts to explain the rituals they did in their Church and how their feelings and emotions was affected and the professor then ask "How do you "Know" your feelings and emotions are true and their mouth drops open while the professor picks their knowledge apart. When one short answer "I have chosen "Faith" in the "Fact" the Bible is true. How do you know it is not? End of Discussion. The professor has no come back except "Theory" which has no meaning as to the "Evidence" of "Fact". I'm Wesley Wood, YOU THINK ABOUT THAT! Checkout my new website [www.godslastcall.net](http://www.godslastcall.net) Click the links at the top and watch the videos. "I Survived A Late Term Abortion" a must see. I'm reading a book "The Great Evangelical Disaster" by Francis A. Schaeffer written in 1984. Every Church member and professing believer needs to read this book. You can get it on Amazon, hard copy or kindle. I challenge you to compare it to my video on youtube." GOD'S LAST CALL TO THE CHURCH OF THE UNITED STATES OF AMERICA"
