Mike, We Will Miss You!

Over a hundred people gathered at the reception and graveside service celebrating the life of Michael Ray Hughes on Wednesday May 13, 2009.

Larry Smith, Pastor of the 7th Day Adventist Church and Jere Mitchell, Pastor of Winslow First Baptist Church conducted the graveside service.

Jesse Yingling, Brett Farkis, Larry Shepherd and Lynn Adair sang and played "Amazing Grace", and a very moving rendition of "Wayfaring Stranger". That song seemed to personify Mike.

Mike loved his music more than anything. He was always ready to "jam" with any group. At the get-togethers that were held the night before Win-Fest, you would always find Mike on stage with all the other local musicians playing and having a great time. He also played at Win-Fest on several occasions.

The following is a tribute from his parents that was read at the service:

Dear Michael,

I remember watching you as a little boy playing in a dirt pile. You built roads and bridges – I thought you might be an engineer.

Then when you would go with your Dad to tend the cattle or plant seeds - I thought you might be a farmer.

I watched as you would pound nails in a board having such a great time - I thought you might be a carpenter.

When you got older you wanted to take cars and trucks apart and put them back together - I thought then you might be a mechanic.

But when you started taking music lessons I knew you loved music.

We were glad you got to around the country seeing new places and things. I think Chicago taught you about another kind of place from these Arkansas Hills. The trip to South Korea must have really impressed you as you talked about it a lot.

Son, we will always love you and miss you every day we live.

Love,

Mom and Dad

THANK YOU

The Hughes Family: Mom and Dad, Billie Sue and Ray, Daughter and Granddaughter, Samantha and Nicole, and Brother, Matthew want to thank everyone for the prayers and support during this very sad time in their lives.

A special thank you to Pastors Larry Smith and Jere Mitchell and the musicians for wonderful service and tribute to Michael.

"Sicko"

If anyone has missed seeing Michael Moore's recent release, "Sicko," try to see it. That is, if you don't mind being furious for about one and a half hours. The show is about health care and especially the cost of it in other countries as compared to America.

Another Moore presentation about the terrorist attack on 9/11 and the war in Iraq received split reviews. It was speculated that he was trying to shift all the blame to the CIA to get Bush off the hook, and I thought that might be true, at least to some extent. But after seeing Sicko, I decided Moore was never trying to shift the blame off of anyone. He is for real and exposes things about America's health care system that most people don't know.

For example, Moore took a boatload of sick people to Cuba where they were welcomed and treated in a surprisingly modern hospital. I remember one woman in particular when they gave her a medicine that she had been taking in the U.S. She asked how much it cost and they said 3.2 pesos. She then asked how much that would be in US dollars, and they replied about five cents. She started crying and said the same medicine cost her \$120.00 in the US.

Moore ventured to other countries, starting with Canada, and stopped people on the street. He asked what they thought about their health care coverage, which is paid for by the government; none of them had any problem with the program.

He went on to other countries including England and France, which have similar health care systems, and asked people from all walks of life if they were satisfied with health care in their country. Moore admitted being laughed at because the questions he asked were serious to him but ridiculous to people who had always had health care provided by the government.

They couldn't understand 46 million people being without health care and hospitals turning people away for lack of insurance. They surely couldn't comprehend sick people staying at home and dying rather than going to the doctor simply because they were unable to afford a doctor, or, as we understand very well, could not afford to live.

We have forever been led to believe that our hospitals, our highly trained doctors and our high-tech equipment are the best in the world; but with all propaganda aside, how do we measure up to other countries?

I just mentioned Cuba, and I don't remember the exact count but there is a higher rate of infant fatality in the US than in the supposedly underdeveloped Cuba; but that seems to be the case everywhere. The bottom line of how effective a country's health care system is would be the age of life expectancy.

I'm afraid we cannot expect to live as long as residents in a number of other countries. The life expectancy in England, Spain and Canada is 3% higher than in the US. I'm sure there are all kinds of explanations, but the fact remains that they outlive us because they have better health care. Problems started a long time ago when our country went lawsuit crazy, and insurance companies started raising rates because they were getting stuck for millions. Corporate greed was the icing on the cake, and there doesn't seem to be any end.

If Obama does anything at all toward improving health care, it will be more than the last 16 years of Clinton and Bush. They did nothing but sit back and watch it go out of sight.

Greenland School District

Greenland Public Schools Are Schools Of Choice

All Arkansas School Districts are required to advertise to parents and students the availability of school choice. Applications under the "Arkansas Public School Choice Act" for non-residents to attend Greenland from another school district must be submitted to the Greenland School District not later than July 1. The Superintendent will provide written notice to the parent or guardian, and the student's resident district of the decision to accept or reject the application within 30 days of receipt of the application. The primary purpose of coming to or leaving any school district should not be to participate in athletics.

Greenland will not accept out-of-district students who have been expelled from another school or students needing services not currently provided.

The Greenland Community has affirmed its Choice. In the last year:

1. A school tax increase was passed that provides increased revenues but still keeps taxes very competitive.
2. A new \$1,000,000 bond was passed for re-roofing at Greenland High School and the purchase of school busses.
3. A City of Greenland Sales Tax was passed with only 28 "no" votes that provides revenues to the Greenland School District for two years.
4. A Save Our School committee has raised over \$85,000 for the schools.
5. Alumni have formed an Educational Foundation for the future.
6. Athletic Booster, Band Booster, and Parent Teacher Organizations remain active in support of a variety of activities for children.
7. Parents, alumni, and community members are very involved in the schools with three generations at many activities.
8. A Winslow leadership group and the Greenland Superintendent are working on plans to open the Winslow gymnasium next fall for community activities as well as after-school academic assistance to students enrolled in the Greenland Schools.
9. The School District cherishes the traditions of the communities of Greenland and Winslow. Parents, volunteers, teachers, coaches, sponsors, and administrators have one common goal: Student Success.

For more information, contact the Superintendent's office at 479-521-2366.

1. Applications are now being taken for the 7th Annual Camp Rescue. Students ages 14 to 18 years old can become certified as First Responders, attend an advanced level Junior Fire Marshal Program, and participate in an Emergency Services Expo & Skills Day. The camp is June 15-19 from 9 - 4 and June 20 from 9 to noon. Cost is \$45 non-refundable fee. Application deadline is Monday. See Mrs. Larkan for an application and more information.
2. All fines and fees have to be paid before you will get your report card.
3. If you would like your report card mailed to you, then please bring a self-addressed stamped envelope to the office by June 3.
5. If you bought a yearbook and have not picked it up, you may do so in the office. You may also still buy one for \$25.
6. The following students made the 2009/2010 ACE team: Drew Lee, Zach Pinoy, Lisa Hadley, Hannah Craig, James Dewitt, Jordan Miller, Haley Vaughn, Brandy Kittrell, Jonah Lilly, Yola, Allen, Cade Cordell, and Cassidy Calhoun.

San Diego County Officials Shut Down Home Bible Study County Official Interrogates Pastor And His Wife

A San Diego pastor and his wife have been told they cannot have a Bible study in their home. The couple says they were interrogated by a San Diego County official, then threatened with ever increasing fines if they refuse to stop the Bible study. (See news article here)

According to the couple's attorney, they were questioned about the Bible study. "Do you have a regular meeting in your home?" The pastor's wife replied, "Yes." "Do you say 'amen'?" the official asked. "Yes," she replied. "Do you pray?" Again she said, "Yes." "Do you say 'praise the Lord'?" Another "Yes." The official told the pastor and his wife they were in violation of county rules.

The Bible study usually has an average of about 15 people.

A few days later they got a written warning that listed the home Bible study an "unlawful use of land." They were notified to "stop religious assembly or apply for a major use permit," which could cost them thousands of dollars.

Could a small poetry club meet regularly in a home? Apparently, yes. What about a Cub Scout meeting? Evidently, yes. What if they meet regularly to watch Monday Night Football? Obviously, yes.

Winslow 4-H Club News

By Nancy Hill

Hi to everyone from the Winslow 4-H Club.

We had a great pancake breakfast in May and raised enough money to help us with craft projects for the county fair. Thank you to all that donated and joined us for a great breakfast.

We will meet several times throughout June, July, and August for craft, canning, and educational booth projects for the fair. This year the fair is September 1 - 5 and the fair books are available at the Extension office and area feed stores and banks. Remember that anyone can enter items into the county fair. It's not just for 4-H and FFA.

Our next regular meeting will be June 10 at 4:00 pm at the fire station. Come and join us and bring your craft ideas.

Broke Dog Custom Boots LLC

By Ginger Fritch

If you haven't stopped in the new boot store downtown Winslow you've really missed a treat. Both the Clarks and the Beavers are very talented, hard working, friendly, and interesting people. Their shop is chick full of all kinds and colors of leathers. Examples of their shoes, boots, and saddles far exceed your expectations. The equipment is also very interesting and far more than I'd expect for a town this size. Several times I've had to send customers to Fayetteville to get a job done. Now I can just run downtown and get help. It's really a fascinating place. Go see it for yourselves. Welcome to Our Town Broke Dog Custom Boots!!

Wrong Email Address

A Minneapolis couple decided to go to Florida to thaw out during a particularly icy winter. They planned to stay at the same hotel where they spent their honeymoon 20 years earlier. Because of hectic schedules, it was difficult to coordinate their travel schedules. So, the husband left Minnesota and flew to Florida on Thursday, with his wife flying down the following day. The husband checked into the hotel. There was a computer in his room, so he decided to send an email to his wife. However, he accidentally left out one letter in her email address, and without realizing his error, sent the email.

Meanwhile, somewhere in Houston, a widow had just returned home from her husband's funeral. He was a minister who was called home to glory following a heart attack. The widow decided to check her email expecting messages from relatives and friends. After reading the first message, she screamed and fainted. The widow's son rushed into the room, found his mother on the floor, and saw the computer screen which read:

To: My Loving Wife
Subject: I've Arrived
Date: October 16, 2008

I know you're surprised to hear from me. They have computers here now and you are allowed to send emails to you loved ones. I've just arrived and have been checked in. I see that everything has been prepared for your arrival tomorrow. Looking forward to seeing you then!

Hope your journey is as uneventful as mine was.

Your Loving Husband

The Crawdad Hole

By Ginger Fritch

One Friday night Carl and I decided to go to the Crawdad Hole in Mountainburg for Mexican food and wonderful music. We hadn't been there for several months, but had enjoyed excellent food before. The menu had changed but we ordered what we thought would be good. When our food arrived, Oh My, I'm afraid my face spoke volumes! I won't describe the "plate" but it reminded us of a few years back when our grandson Richard was about 3 years old. He wanted to come home with Grandpa and me. When we got home, I asked him what he'd like for supper, Pizza or Hamburgers. He chose Pizza, so I made the dough from scratch, piled on all the goodies we normally eat on our Pizza and soon we're ready to eat. Richard stared at this slice then started picking off the onions, peppers, and olives and pushing them to the side. Finally, I asked, "Richard, don't you like your Pizza?" He said, "Grandma, I think you'd better stick to hamburgers!"

There's certainly nothing wrong with the music, though. It's all local talent and it just doesn't get any better than that! They are fantastic!!

No! You may not use our compressor!

CRYSTAL TAYLOR

Bye, Bye, Valuelinx....

Many Winslow Area residents have recently received notice from The Valuelinx Corp. that their local Winslow or Mountainburg dial-up Internet service will be or has been discontinued. This has been a very good value and an affordable option for Internet access in our remote area. When it comes to a new Internet Service Provider there are two basic options cable/dsl or radio/ satellite. The people with access to Cox Cable or CenturyTel DSL are in the best position.

Any family or household that already has cable TV or lives under an active portion of Cox cable have access to hi-speed through Cox Communications. Their basic Internet service would add \$26.99 per month to the cable bill. This is a 1.5 Mbps connection.

CenturyTel DSL is a viable option for anyone within an 18,000-foot radius (approx. 3 miles) of the phone office near the school gym. It is not available if you live on the "other" side of one of the mini offices such as the one at the top of Carter Lane or North of Winslow on 71 near the old cafe. (But you can call and keep bugging them to see if they can make it possible!) A 512 kbps speed will cost \$31.20 per month.

A few other options available to some Winslow area households are: Cellular service through any number of cellphone providers, wireless line of sight broadband, and satellite broadband. These are generally more expensive and have their limitations. Satellite usually has what is called a "Fair Access Policy" which doesn't necessarily limit the amount of time but the amount of material you download. For general use this is not usually a problem. Wireless radio requires you to have a line of sight to one of their towers. Cellular coverage will work only where you get a good strong cell signal and will not work with older operating systems such as Windows 2000 or Windows 98SE.

Sometimes bundles are available for a cost savings with cable, phone, or cellular. We save approximately \$20.00 to \$25.00 per month over our old separate phone, ISP, and cable bills. I have included a table with the basic comparisons and a list of the most likely candidates for ISP service in our area. There are no taxes, tariffs, or access fees included in the prices listed below. This is not an exhaustive list and is in no order of preference.

	Basic Speed	Cost per Month	Install Fee	Higher Speeds or bundles?	Limits/
Cox Cable	1.5 Mbps	\$27.00	Self/ free	Yes	Unlimited
CenturyTel DSL	512 Kbps	\$32.00	Sometimes free with contract	Yes	Unlimited
Dluxlink	200 Kbps	\$40.00/w direct pay	\$35.00 per hr	Yes	Unlimited
Hughes Net	1.0 Mbps	\$60.00	\$250.00 or \$50.00 plus \$10.00/ mo	Yes	Fair Access
Wild Blue	512 Kbps	\$55.00	\$125.00 w/ 24 mo. Cont.	Yes	Fair Access
Alltel Cellular	2.4 Mbps	\$60.00	Free w/ 24 mo. contract	Yes	Win XP Win Vista Mac 10.4 or better

We All Need One

I was told a story about a lady in the hospital who was near death when an area Chaplain came to visit her. This Chaplain was a very young female with long blond hair. She listened to the lady who was ill and left her a small gift for comfort. It was a tiny ceramic frog. The next day one of the people from the lady's church came to visit. The lady told her friend about the beautiful young Chaplain who had come to visit her. The friend was so impressed with the way the lady had improved and felt the need to talk to the young Chaplain. In her search to find the young gal, she was repeatedly reassured that the chaplains are never very young and that there was never a gal that fit the description given.

Upon returning to the lady in the hospital, a visiting nurse entered the room and noticed the ceramic frog. The nurse made the comment "I see you have a guardian angel with you." As she held the little frog. We asked why she made the comment and we were informed that the frog stood for:
